☐

☐ Are,

are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

☐ (2)

☐ Have,

have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax

☐

evasion, violating Federal criminal tax laws, or receiving stolen property; (3) ☐ Are,

are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)

☐

☐ Have,

have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded. (ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. (g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. ## 52.212-2 Evaluation - Commercial Products and Commercial Services (Nov 2021).

For this procurement, the offeror who is deemed responsible and responsive with the Tradeoff process will be determined to represent the best value. The following factors shall be used to evaluate quotes: technical acceptability and reasonable pricing. Only technically acceptable and reasonable quotes are eligible for award and only quotes received from Quoters that provide unit pricing for all CLINs will be considered.

(a) **The following process will be followed:**

- a. A responsive quote is one that meets all the terms, conditions, and specifications in the RFQ and Statement of Need.
- b. The technical acceptability team will evaluate the factors identified below. For the quote to be technically acceptable, each technical factor must be rated as acceptable. The failure of a Quoter to meet any or all the technical criteria will result in a technically unacceptable rating and be ineligible for award. The technical factors will receive one of the ratings listed below:

**Acceptable:** Quote clearly meets the minimum requirement of the solicitation.

**Unacceptable:** Quote does not clearly meet the minimum requirements of the solicitation.

- c. The vendor must provide all documents listed and comply with all quote instructions to be considered “responsive” to this RFQ.

(i) Quotes will be reviewed to ensure that all line items have been priced. Quoters that submitted prices for ALL line items will initially be ranked based on total evaluated price (TEP). TEP will be determined by adding all the line items unit prices for an overall amount, and then all quotes will be ranked lowest to highest.

- **Technical Factor.** Technical acceptability will be determined by an evaluation of the quoted requirements that meet the characteristics described in the SON. As well as meeting the combined synopsis solicitation.
- **Price Reasonableness.** 502 CONS/JBKAC, using one or more of the techniques defined in FAR 13.106-3 and/or 15.404-1, will determine if the quote is fair and reasonable. Quote shall include a description of the items being quoted in sufficient detail to evaluate compliance with the requirements of the solicitation. This detail shall include the following:

- (1) Manufacturer name,
- (2) Part Number,
- (3) Illustrations of proposed products,
- (4) Any literature or description to support product requirements, and
- (5) Any other information required to meet solicitation requirement
