This is a **DRAFT** combined synopsis/solicitation for an Invitation to Establish a BPA for commercial services prepared in accordance with the format in FAR Subpart 12.6, as supplemented with additional information included in this notice.

This invitation is a **Total Small Business Set-Aside**. The associated North American Industrial Classification System (NAICS) code for this procurement is 517111 – Wired Telecommunications Carriers.

Ordering Period: The Ordering Period for this effort is anticipated to be from 29 Sep 2025 – 28 Sep 2030.

Period of Performance: The period of performance will extend 12 months past the last ordering period day (28 Sep 2030).

On Ramping and Off Ramping:
The Government will review BPA performance and requirements on an annual basis and determine the necessity of on-ramping.

The Government reserves the right to announce and issue a new solicitation for the purposes of:

- (i) adding additional Contractors to expeditiously meet the requirement as the need for increased assessments materialize; and
- (ii) increase the small business pool of Contractors; and
- (iii) increase competition.

The Government may implement on-ramp procedures at any time by reopening the competition and utilizing the same basis of award established in the initial solicitation. Any resulting BPA(s) awarded will include the same terms and conditions as the current Master BPA. Implementing this procedure will not affect the overall period of performance and ordering period for the basic agreement.

On Ramping Basis of Evaluation:
The basis of the competition during on-ramping may rely upon substantially the same methodology as in the original solicitation. However, the Government reserves the right to update the basis of award with consideration to market conditions, the utility and the specific needs being sought through the on-ramping event.

Off Ramping:

The Government reserves the unilateral right to off-ramp contractors who are no longer needed to meet program objectives. Contractors may be off-ramped from new work even while continuing current work.

Off-ramping may result from one of the following conditions:

- (i) The DAF no longer having a requirement appropriate to the contractor’s skills, talents, size, or socio-economic status
- (ii) Debarment, Suspension, or Ineligibility as defined in FAR Subpart 9.4.
- (iii) Termination as defined in FAR Clause 52.212-4 Contract Terms and Conditions-Commercial Products and Services.
- (iv) Failure to meet the standards of performance, deliverables, or compliances.

(v) Taking any other action which may be permitted under the Master BPA’s terms and conditions.

Off Ramping Notification: Any vendor that is subject to off-ramping will receive a 30 day notice prior to being removed from the BPA.

The provisions and clauses included and/or incorporated in this solicitation document are those in effect through the Federal Acquisition Circular. This Invitation incorporates all provisions and clauses in effect through Federal Acquisition Circular FAC 2025-03 and the Defense Federal Acquisition Regulation Supplement (DFARS) DPN 20250117. SEE ATTACHED SOLICITATION FOR CLAUSES AND PROVISIONS.

Feedback: Interested parties may identify their interest and submit questions or feedback to this invitation by submitting the completed form identified as Attachment #2 NO LATER THAN 12:00 PM EST on 22 May 2025.

Submit all responses to the following contacts:
Contracting Officer: Sandy Thompson at sandy.thompson@us.af.mil.
Contract Specialist Michaela Desch at michaela.desch@us.af.mil

252.232-7006 Wide Area Workflow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

Definitions. As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six-position code that uniquely identifies a unit, activity, or organization. "Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).
"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done externally to the entitlement system. "Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.
Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

WAWF access. To access WAWF, the Contractor shall-

Have a designated electronic business point of contact in the System for Award Management at https://www.sam.gov; and

Be registered to use WAWF at https://wawf.eb.mil/ following the step-by-step procedures for self-registration available at this web site.

WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at https://wawf.eb.mil/

WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

Document type. The Contractor shall submit payment requests using the following document type(s):

For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

For fixed price line items-

That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

___

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

___

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

For customary progress payments based on costs incurred, submit a progress payment request.

For performance-based payments, submit a performance based payment request.

For commercial financing, submit a commercial financing request.

) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

52.216-18 Ordering. **Aug 2020**

As prescribed in 16.506(a), insert the following clause:
Ordering (Aug 2020)
(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the date of award through 126 months from award.
(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when-
(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;
(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or
(3) If sent electronically, the Government either-
(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or
(ii) Distributes the delivery order or task order via email to the Contractor's email address.
(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.
(e) Orders may only be placed during the optional ordering periods after those options have been exercised.
(End of clause)

52.216-19 Order Limitations. Oct 1995

As prescribed in 16.506(b), insert a clause substantially the same as follows:

Order Limitations (Oct 1995)
(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than $3,0000.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish those supplies or services under the BPA.
(b) Maximum order. The Contractor is not obligated to honor-
(1) Any order for a single item in excess of $7,500,000.00;
(2) Any order for a combination of items in excess of $7,500,000.00; or
(3) A series of orders from the same ordering office within 30 calendar days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.
(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(end of clause)

52.219-14 Limitations on Subcontracting. (Oct 2022)

Limitations on Subcontracting (Oct 2022)

This clause does not apply to the unrestricted portion of a partial set-aside.

Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-

Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

Applicability. This clause applies only to-

Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;

Orders expected to exceed the simplified acquisition threshold and that are-

Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);

Orders, regardless of dollar value, that are-

Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and

Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

Independent contractors. An independent contractor shall be considered a subcontractor.

Limitations on subcontracting. By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

Supplies (other than procurement from a non-manufacturer of such supplies), will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

General construction will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

Construction by special trade contractors will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause- [Contracting Officer check as appropriate.]
[ ] By the end of the base term of the contract and then by the end of each subsequent option period; or [ ] By the end

of the performance period for each order issued under the contract.
(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.

In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

252.239-7002 Access. (Dec 1991)

ACCESS (DEC 1991)

Subject to military security regulations, the Government shall permit the Contractor access at all reasonable times to Contractor furnished facilities. However, if the Government is unable to permit access, the Government at its own risk and expense shall maintain these facilities and the Contractor shall not be responsible for the service involving any of these facilities during the period of nonaccess, unless the service failure results from the Contractor's fault or negligence.

During periods when the Government does not permit Contractor access, the Government will reimburse the Contractor at mutually acceptable rates for the loss of or damage to the equipment due to the fault or negligence of the Government. Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

252.239-7004 Orders for Facilities and Services. (Sep 2019)

ORDERS FOR FACILITIES AND SERVICES (SEP 2019)

Definitions. As used in this clause-

"Governmental regulatory body" means the Federal Communications Commission, any statewide regulatory body, or anybody with less than statewide jurisdiction when operating under the state authority. Regulatory bodies whose decisions are not subject to judicial appeal and regulatory bodies which regulate a company owned by the same entity that creates the regulatory body are not governmental regulatory bodies.

The Contractor shall acknowledge a communication service authorization or other type order for supplies and facilities by-

Commencing performance after receipt of an order; or

Written acceptance by a duly authorized representative.

The Contractor shall furnish the services and facilities under this agreement/contract in accordance with all applicable tariffs, rates, charges, regulations, requirements, terms, and conditions of-

Service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers; or

Service as lawfully established by a governmental regulatory body.

The Government will not pre-pay for services.

For non-tariffed services, the Contractor shall charge the Government at the lowest rate and under the most favorable terms and conditions for similar service and facilities offered to any other customer.

Recurring charges for services and facilities shall, in each case, start with the satisfactory beginning of service or provision of facilities or equipment and are payable monthly in arrears.

Expediting charges are costs necessary to get services earlier than normal. Examples are overtime pay or special shipment. When authorized, expediting charges shall be the additional costs incurred by the Contractor and the subcontractor. The Government shall pay expediting charges only when-

They are provided for in the tariff established by a governmental regulatory body; or

They are authorized in a communication service authorization or other contractual document.

When services normally provided are technically unacceptable and the development, fabrication, or manufacture of special equipment is required, the Government may-

Provide the equipment; or

Direct the Contractor to acquire the equipment or facilities. If the Contractor acquires the equipment or facilities, the acquisition shall be competitive, if practicable.

If at any time the Government defers or changes its orders for any of the services but does not cancel or terminate them, the amount paid or payable to the Contractor for the services deferred or modified shall be equitably adjusted under applicable tariffs filed by the Contractor with the regulatory commission in effect at the time of deferral or change. If no tariffs are in effect, the Government and the Contractor shall equitably adjust the rates by mutual agreement. Failure to agree on any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(End of clause)

252.239-7007 Cancellation or Termination of Orders. (Sep 2019)

252.239-7007 CANCELLATION OR TERMINATION OF ORDERS (SEP 2019)

Definitions.

"Actual non-recoverable costs" means the installed costs of the facilities and equipment, less cost of reusable materials, and less net salvage value.

"Basic cancellation liability" means the actual nonrecoverable cost, which the Government shall reimburse the

Contractor at the time services are cancelled. "Basic termination liability" means the nonrecoverable cost amortized in equal monthly increments throughout the liability period.
"Installed costs" means the actual cost of equipment and materials specifically provided or used, plus the actual cost of installing (including engineering, labor, supervision, transportation, rights-of-way, and any other items which are chargeable to the capital accounts of the Contractor), less any costs the government may have directly reimbursed the Contractor under the Special Construction and Equipment Charges clause of this agreement/contract.

"Net salvage value" means the salvage value less the cost of removal.

If the Government cancels any of the services ordered under this agreement/contract, before the services are made available to the Government, or terminates any of these services after they are made available to the Government, the Government will reimburse the Contractor for the actual nonrecoverable costs the Contractor has reasonably incurred in providing facilities and equipment for which the Contractor has no foreseeable reuse. The Government will not reimburse the Contractor for any actual nonrecoverable costs incurred after notice of award, but prior to execution of the order.

When feasible, the Contractor shall reuse cancelled or terminated facilities or equipment to minimize the charges to the Government.

If at any time the Government requires that telecommunications facilities or equipment be relocated within the Contractor's service area, the Government will have the option of paying the costs of relocating the facilities or equipment in lieu of paying any termination or cancellation charge under this clause. The basic cancellation liability or basic termination liability applicable to the facilities or equipment in their former location shall continue to apply to the facilities and equipment in their new location. Monthly recurring charges shall continue to be paid during the period.

When there is another requirement or foreseeable reuse in place of cancelled or terminated facilities or equipment, no charge shall apply and the basic cancellation liability or basic termination liability shall be appropriately reduced. When feasible, the Contractor shall promptly reuse discontinued channels or facilities, including equipment for which the Government is obligated to pay a minimum service charge.

The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract will be determined under applicable tariffs governing cancellation and termination charges which-

Are filed by the Contractor with a governmental regulatory body, as defined in the Rates, Charges, and Services clause of this agreement/contract;

Are in effect on the date of termination; and

Provide specific cancellation or termination charges for the facilities and equipment involved or show how to determine the charges.

The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract, which are not subject to a governmental regulatory body, will be determined under a mutually agreed schedule in the communication services authorization (CSA) or other contractual document.

If no applicable tariffs are in effect on the date of cancellation or termination or set forth in the applicable CSA or other contractual document, the Government's liability will be determined under the following settlement procedures-

The Contractor agrees to provide the Contracting Officer, in such reasonable detail as the Contracting Officer may require, inventory schedules covering all items of property or facilities in the Contractor's possession, the cost of which is included in the Basic Cancellation or Termination Liability for which the Contractor has no foreseeable reuse.

The Contractor shall use its best efforts to sell property or facilities when the Contractor has no foreseeable reuse or when the Government has not exercised its option to take title under the Title to Telecommunications Facilities and Equipment clause of this agreement/contract. The Contractor shall apply any proceeds of the sale to reduce any payments by the Government to the Contractor under a cancellation or termination settlement.

The Contractor shall record actual nonrecoverable costs under established accounting procedures prescribed by the cognizant governmental regulatory authority or, if no such procedures have been prescribed, under generally accepted accounting procedures applicable to the provision of telecommunication services for public use.

The net salvage value shall be deducted from the Contractor's installed cost. In determining net salvage value, the Contractor shall consider the foreseeable reuse of the facilities and equipment by the Contractor. The Contractor shall make allowance for the cost of dismantling, removal, reconditioning, and disposal of the facilities and equipment when necessary either for the sale of facilities or their reuse by the Contractor in another location.

Upon termination of services, the Government will reimburse the Contractor for the nonrecoverable cost less such costs amortized to the date services are terminated and establish the liability period as mutually agreed to but not to exceed ten years. In the case of either a cancellation or a termination, the Government's presumed maximum liability will be capped by the unpaid non-recurring charges and the monthly recurring charges set out in the contract/ agreement. The presumed maximum liability for monthly recurring charges shall be capped at monthly recurring charges for the minimum service period and any required notice period.

When the basic cancellation liability or basic termination liability established by the CSA or other contractual document is based on estimated costs, the Contractor agrees to settle on the basis of actual cost at the time of cancellation or termination.

The Contractor agrees that, if after settlement but within the termination liability period of the services, should the Contractor make reuse of equipment or facilities which were treated as nonreusable or non-salvable in the settlement, the Contractor shall reimburse the Government for the value of the equipment or facilities.

The Contractor agrees to exclude-

Any costs which are not included in determining cancellation and termination charges under the Contractor's standard practices or procedures; and

Charges not ordinarily made by the Contractor for similar facilities or equipment, furnished under similar circumstances.

The Government may, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the Contractor in connection with the cancelled or terminated portion of this agreement/contract. The Government may make these payments if the Contracting Officer determines that the total of the payments is within the amount the Contractor is entitled. If the total of the payments is in excess of the amount finally agreed or determined to be due under this clause, the Contractor shall pay the excess to the Government upon demand.

Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

5352.201-9101 Ombudsman (Jul 2023)

An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the interested party to another official who can resolve the concern.

Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

If resolution cannot be made by the contracting officer, the interested party may contact the ombudsman, Mr. Michael Talbott, AFICC KP Director, 1940 Allbrook Drive, Building 1, Wright-Patterson AFB, OH 45433, Phone: 937.257.5529, email: michael.talbott@us.af.mil. Concerns, issues, disagreements, and recommendations that cannot be resolved at the Center/MAJCOM/DRU/SMC ombudsman level, may be brought by the interested party for further consideration to the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (571) 256-2395, facsimile number (571) 256-2431.

The ombudsman has no authority to render a decision that binds the agency.
Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the contracting officer.

INSTRUCTIONS TO OFFERORS

Submission of Offer: The Government will award BPAs resulting from this solicitation to all offers who are qualified in accordance with the Technical Submission Requirement.

All offers must submit the following information:
An official letterhead cover page which includes;
(1)The solicitation number;
(2)The time specified in the solicitation for receipt of proposal;
(3)The name, address, and telephone number of the offeror;
(4)"Remit to" address, if different than mailing address;
A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR)52.212-3 (see FAR52.212-3(b) for those representations and certifications that the offerors shall complete electronically); Acknowledgment of Solicitation Amendments;

Evaluation for Award

Basis for Award: This is a competitive Invitation to Establish a Blanket Purchase Agreement (IEBPA). All offers will be evaluated as Best Value of All Qualified Offers. The evaluation process shall proceed as follows:

Submission Requirement: The offeror shall provide four (4) to eight (8) current material work samples that demonstrate that the offeror has performed at least one of the work elements described for each of the levels of support described in PWS paragraphs 3.1 through 3.3 (i.e. Routine Maintenance Services, Repair/Replace Services, Modernization Services, and Special Projects)for at least one (1) of the System Categories described in PWS paragraph4.1-4.6 (i.e. Cable, Antenna, Microwave systems, Giant Voice, Voice Systems, or Land Mobile Radio Backhaul.).

In order to be considered material, the work sample must demonstrate that the offeror performed at least one of the work samples described in PWS paragraph 3.1, 3.2 or 3.3 for at least one (1) system category described in PWS paragraph 4.1-4.6. In order to be considered current, performance on the work sample must have occurred after 1 May 2022.

In order to be considered, the offeror must have performed the work element described in PWS paragraph 3.1, 3.2 or 3.3 (hereinafter "material work element"). If an offeror submits an offer as a joint venture, either the joint venture, or one of the members of the joint venture must have performed the material work element. In accordance with 13 CFR 125.2(g), small business Offerors that propose a team of small business subOfferors and specifically identifies the first-tier small business subOfferor(s) in the proposal may use work samples of their first-tier small business subOfferor(s). In order for the work sample of the first-tier small business subOfferor to be considered on behalf of the prime, the Offeror shall provide a signed Teaming Agreement stating that the small business subOfferor will perform the material tasks during contract performance.

For each work sample provided, the Offeror shall include a description of the effort specifically identifying the work elements performed that align to PWS paragraphs 3.1 to 3.3, the systems that were supported, the contract/order number, the period of performance start and end dates, and the dollar value.

The Offeror shall provide its CAGE code which will be utilized for Supplier Performance Risk System (SPRS) review.

Evaluation Criteria: Acceptable/Unacceptable

Offerors must be acceptable in all elements of the submission requirement to be found technically acceptable for award.
