

PERFORMANCE WORK STATEMENT (PWS)
CRAIC Technologies - Gold Service Plan
US Army Criminal Investigation Laboratory

1. **GENERAL:** This is a non-personnel services contract to provide service repair and annual preventive maintenance for CRAIC instruments operated by the U.S. Army Criminal Investigative Laboratory (USACIL). The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 **Description of Services/Introduction:** The contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform the needed service and repair of the instrumentation covered as defined in this Performance Work Statement except for those items specified as government furnished property and services. The contractor shall perform to the standards in this contract.

1.2 **Background:** The Gold Service Plan provides technical support and repair for the installed CRAIC Technologies Microspectra 121 Microspectrophotometer (MSP). The service includes comprehensive maintenance service and technical support for software updates, instrument failures or needed repairs. The service covers the cost of materials/parts needed, a loner scanner while the equipment is being repaired, and the service engineer who performs the tasks.

1.3 **Objectives:**

- * To maintain the instrumentation in-line with ISO 17025 ANSI-ASQ
- * To ensure proper functioning of instrumentation used.
- * To repair broken or damaged equipment quickly and accurately to limit disruption to USACIL workflow

1.4 **Scope:** Gold Service Plan shall be performed for all covered equipment. The maintenance plan provides Priority 2 technical support and includes annual scheduled preventive maintenance service and technical support for instrument failures or needed repairs, and software maintenance. The service covers the cost of the materials/parts needed and the service engineer who performs the tasks.

CRAIC Technologies Microspectra 121 Microspectrophotometer MSP 121 S/N: 062220020298

1.5 **Period of Performance:** The period of performance shall be for one (1) Year of 12 months, plus two option years.

Base Year:	1 APR 2026 to 31 MAR 2027
OY1:	1 APR 2027 to 31 MAR 2028
OY2:	1 APR 2028 to 31 MAR 2029

1.6 General Information

1.6.1 **Quality Control:** The contractor shall engage in an effective quality control program to ensure services are performed in accordance with this PWS. The contractor's quality control program is the means by which he assures himself that his work complies with the requirement of the contract.

1.6.2 **Quality Assurance:** The government shall evaluate the contractor's performance under this contract in accordance with the USACIL Quality Manual, Casework DNA Division Technical Procedures and the ASCLD-LAB/ISO requirements. These standards primarily focus on what the Government must do to ensure that the contractor has performed in accordance with the performance standards. The standards define how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3 Recognized Holidays: The contractor is not required to perform services on holidays.

New Year's Day

Labor Day

Martin Luther King Jr.'s Birthday

Columbus Day

President's Day

Veteran's Day

Memorial Day

Thanksgiving Day

Juneteenth

Christmas Day

Independence Day

1.6.4 Hours of Operation: The contractor is responsible for conducting business, between the hours of 0800-1700 Monday thru Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. For other than firm fixed price contracts, the contractor will not be reimbursed when the government facility is closed for the above reasons. The Contractor must at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at the United States Army Criminal Investigation Laboratory.

1.6.6 Type of Contract: The government will award a Firm-Fixed Price (FFP) service contract.

1.6.7 Security Requirements: Contractor personnel performing work under this contract must be able to pass general access requirements for Gillem Enclave.

1.6.7.1 Antiterrorism and Operational Security (AT/OPSEC):

1.6.7.1.a AT Level I Training. All contractor employees, to include subcontractor employees, requiring access Army installations, facilities and controlled access areas shall complete AT Level I Awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. The contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within 15 calendar days after completion of training by all employees and subcontractor personnel. AT level I Awareness training is available at the following website: <http://jko.jten.mil>.

1.6.7.1.b Access and General Protection/Security Policy and Procedures. Contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.6.7.1.c Access to a DoD Facility or Installation. Contractor and all associated sub-contractor employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures provided by government representative.

1.6.7.1.d iWATCH Training. The contractor and all associated sub-contractors shall brief all employees on the local iWATCH Army program (training standards provided by the requiring activity ATO). This local developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within calendar days of contract award and within calendar days of new employees commencing performance with the results reported to the COR NLT calendar days after contract award.

1.6.7.1.e OPSEC Training. Per AR 530-1, Operations Security, the contractor employees must complete Level I OPSEC Awareness training. New employees must be trained within 30 calendar days of their reporting for duty and annually thereafter.

1.6.7.1.f Threat Awareness Reporting Program. For all contractors with security clearances. Per AR 381-12 Threat Awareness and Reporting Program (TARP), contractor employees must receive annual TARP training by a CI agent or other trainer as specified in 2-4b.

1.6.7.2 Key Control. NA

1.6.7.3 Lock Combinations. NA

1.6.8 Special Qualifications: Contractor field service engineers are Agilent trained and certified for these instruments.

1.6.9 Post Award Conference/Periodic Progress Meetings: The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The contracting officer, Contracting Officers Representative (COR), and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the contracting officer will apprise the contractor of how the government views the contractor's performance and the contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.10 Contracting Officer Representative (COR): The (COR) will be identified by separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract: perform inspections necessary in connection with contract performance: maintain written and oral communications with the Contractor concerning technical aspects of the contract: issue written interpretations of technical requirements, including Government drawings, designs, specifications: monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies; coordinate availability of government furnished property, and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.11 Key Personnel: NA

1.6.12 Identification of Contractor Employees: Contractor Employees will be required to display issued visitor identification while in the facility.

1.6.13 Contractor Travel: Contractor Employee travel and labor expenses will be covered under the terms of the contract.

1.6.14 Other Direct Costs: NA

1.6.15 Data Rights: NA

1.6.16 Organizational Conflict of Interest: NA

1.6.17 PHASE IN /PHASE OUT PERIOD NA

PART 2
DEFINITIONS & ACRONYMS

2. DEFINITIONS AND ACRONYMS:

2.6 DEFINITIONS:

2.6.7 ASCLD-LAB. American Society of Criminal Laboratory Directors- Laboratory Accreditation Board. The certifying board under which the U.S. Army Criminal Investigation Laboratory maintains certification.

2.6.8 CONTRACT ADMINISTRATOR. The official Government representative delegated authority by the Contracting Officer to administer a contract. This individual is normally a member of the appropriate Contracting/Procurement career field and advises on all technical contractual matters.

2.6.9 CONTRACTOR. A supplier or vendor having a contract to provide specific supplies or service to the government. The term used in this contract refers to the prime.

2.6.10 CONTRACTING OFFICER. A person with authority to enter, administer, and or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

2.6.11 CONTRACTING OFFICER'S REPRESENTATIVE (COR). An employee of the U.S. Government appointed by the contracting officer to administer the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the Contractor if that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does NOT have authority to change the terms and conditions of the contract.

2.6.12 DEFECTIVE SERVICE. A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.6.13 DELIVERABLE. Anything that can be physically delivered but may include non-physical things such as meeting minutes.

2.6.14 GOVERNMENT-FURNISHED PROPERTY (GFP) OR GOVERNMENT PROPERTY (GP). Property in the position of, or directly acquired by, the Government and subsequently made available to the Contractor.

2.6.15 ISO. Certifying body under which the laboratory has certification.

2.6.16 KEY PERSONNEL. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.6.17 N.I.S.T. National Institute of Standards and Technology.

2.6.18 PHYSICAL SECURITY. Actions that prevent the loss or damage of Government property.

2.6.19 QUALITY ASSURANCE. The government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

2.6.20 QUALITY ASSURANCE Surveillance Plan (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.6.21 QUALITY CONTROL. All necessary measures taken by the Contractor to assure that the quality of a product or service shall meet contract requirements.

2.6.22 SUBCONTRACTOR. One that enters a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

2.6.23 WORKDAY. The number of hours per day the Contractor provides services in accordance with the contract.

2.6.24 WORK WEEK. Is defined as Monday through Friday, unless specified otherwise.

PART 3
GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3. GOVERNMENT FURNISHED ITEMS AND SERVICES:

3.1. Services: The Government will provide the equipment to be maintained/repared and personal protective equipment (lab coats, masks, gloves) required by the DNA branch.

3.2 Facilities: The Government will provide the necessary workspace for the contractor staff to provide the support outlined in the PWS to include desk space, lab wipers, and other items necessary to maintain a laboratory environment.

3.3 Utilities: The Government will provide all utilities in the facility the contractors use in performance of tasks outlined in this PWS. The Contractor shall instruct employees in utilities conservation practices. The contractor shall be responsible for operating under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount to accomplish cleaning vehicles and equipment.

3.4 Equipment: The Government will provide the equipment to be maintained/repared and personal protective equipment (lab coats, masks, gloves) required by the DDB Division.

3.5 Materials: The Government will provide Standard Operating Procedures and Policies, Quality Manuals and Technical Procedures as needed.

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES:

4.1. General: The Contractor shall furnish all supplies, equipment, facilities and services required to perform work under this contract that are not listed under Section 3 of this PWS.

4.2. Secret Facility Clearance: N/A

4.3. Materials: N/A.

4.4. Equipment: N/A

PART 5 SPECIFIC TASKS

5. Specific Tasks:

5.1 Basic Services. The contractor shall provide extended warranty services for government owned Craic instrument as defined in the quotation. Repairs include the cost of the parts and labor associated with the repair. The technical support line is also available for use by the customer in troubleshooting possible instrumentation problems.

5.2 The contractor shall provide coverage for the repair, parts, labor, travel, shipping as well as one planned preventive maintenance activity including testing and evaluations at the customer's facility. An Craic field service engineer may be dispatched to the equipment's location after contacting the Service Department to schedule service or loaner scanner while the lab's equipment is being repaired. Repairs completed to manufacturers specifications per quote.

5.3 The contractor shall provide coverage for the repair, parts, labor, travel, shipping as well as one planned preventive maintenance activity including testing and evaluations at the customer's facility. An Craic field service engineer may be dispatched to the equipment's location after contacting the Service Department to schedule service or loaner scanner while the lab's equipment is being repaired. Repairs completed to manufacturers specifications per quote.

5.4 Task Heading.

5.5 Service Contract Reporting: The contractor shall report the contract number and order number, total dollar amount invoiced for services performed during the previous Government fiscal year under the order, the number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year, and data reported by subcontractors when applicable. This information shall be submitted annually by October 31 via the internet at www.sam.gov. Contractors may direct questions to help desk by clicking on "Send an email" which is located under the Help Resources ribbon on the right side of the login page of the applicable Service/Component's website at <https://SAM.gov>. As part of its submission, the contractor will also provide the estimated total (if any) incurred to comply with this reporting requirement.

PART 6 APPLICABLE PUBLICATIONS

6. APPLICABLE PUBLICATIONS (CURRENT EDITIONS)

6.1. The Contractor must abide by all applicable regulations, publications, manuals, and local policies and procedures. Any Contractor provided publications are to be procured and maintained at Contractor's expense.

DRAFT

PART 7 ATTACHMENT/TECHNICAL EXHIBIT LISTING

7. Attachment/Technical Exhibit List:

- 7.1. Attachment 1/Technical Exhibit 1 – Performance Requirements
- 7.2. Attachment 2/Technical Exhibit 2 – Deliverables Schedule

DRAFT

TECHNICAL EXHIBIT 1

Performance Requirements Metrics

The Contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	Standard	Performance Threshold	Method of Surveillance	Incentive (Positive and/or Negative)
PRS #1. PWS 1.6.17 Conforms to applicable safety directives	All safety protocols including, but not limited to, OSHA and general laboratory safety, etc. when performing on-site services.	100%	Periodic inspection	Contractor performance will be documented in CPARS.
PRS #2. PWS 5.2 Provide Priority 2 technical support	Meet or exceed service contract terms and limitations	100%	100% inspection Validated Customer Complaints received by COR	Contractor performance will be documented in CPARS. Monthly Rate.
PRS #3. PWS 5.1 Provide annual scheduled preventive maintenance service and technical support for instrument failures or needed repairs	Meet or exceed the manufacturer's specifications per quote.	100%	100% inspection	Contractor performance will be documented in CPARS. Monthly Rate.
PRS #4. PWS 5.3 Provide detailed service reports per repair and services request.	Within 2 weeks after the on-site visits and repairs	100%	100% inspection	Contractor performance will be documented in CPARS.

TECHNICAL EXHIBIT 2 DELIVERABLES SCHEDULE

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
CMR data, PWS Para 5.3.	Period of performance not to exceed 12 months ending September 30 (Government fiscal year); reported by 31 October of each calendar year.	One (1) original	Paper (hard copy) or electronic delivered via email	KO
Quality Control Plan, PWS Para 1.6.1	Not later than 10 calendar days after receipt of the award	One (1) Original; update as changes occur	Paper (hard copy) or electronic delivered via email	KO
List of the primary service representative with contact information, PWS Para 4.1.2	Not later than 10 calendar days after receipt of the award	One (1) Original; update as changes occur	Paper (hard copy) or electronic delivered via email	KO/COR
Signed copy of service reports, PWS Para 4.1.3	Within one (2) weeks of completion of work	One (1) Original	Paper (hard copy) or electronic delivered via email	COR
