

Broad Agency Announcement for the 2025 Army Aviation Industry Days Exposition, Fort Novosel, AL

The United States Army Aviation Center of Excellence invites you to the Army Aviation Industry Days Exposition, 28-30 July 2025 at Fort Novosel, AL, sponsored by the Directorate of Family and Morale, Welfare and Recreation.

The purpose of Army Aviation Industry Days 2025 is to:

- Allow industry partners an opportunity to showcase their capabilities to the Army Aviation community.
- Allow visitors to learn about technologies that support the Army's modernization priorities.
- Provide leaders throughout the military, government laboratories, acquisition agencies, and industry partners with a forum to share equities and build partnerships.
- To provide industry access and insight into future modernization efforts.

Army Aviation Industry Days is an annual event conducted at the Home of Army Aviation, Fort Novosel, Alabama and is open to Industry and the Fort Novosel Community. The theme for this year's expo is *Leveraging Technology to Meet Tomorrow's Challenges*.

The first formal session of Army Aviation Industry Days begins on the afternoon of 28 July, with a single classified plenary session on threats in the contemporary operating environment, Capability Gaps, Combat Required Capabilities, and Aviation 2040 Strategy at the Seneff facility. The purpose of this session is to share Army Aviation concepts, experiments and analysis in support of Combined Arms Maneuver during Large Scale Combat Operations (LSCO). A security clearance, validated through Defense Information Security System (DISS), is required to attend the session and is open to U.S. only. Due to venue space constraints, there will be a limit of three (3) attendees per company. Validate your security clearance through your industry security manager by sending a visit request in DISS:

Hosting SMO Code: W3U224 Aviation CDID Ft Novosel-PERSEC-101

Visit Name: 25 AAID

Visit Date: 28 July 25

Access Level: Secret

Reason: Meeting

Technical POC is CPT Christopher Hooker, 334-255-3562, christopher.b.hooker.mil@army.mil.

Security POC is Charles Joines, 334-255-2226, charles.k.joines2.civ@army.mil

Purpose of the visit: 2025 Aviation Industry Days.

On Tuesday, 29 July, Army senior leaders welcome Army Aviation Industry Days participants to the post theater from 0830-1500 for overarching updates and scene setter presentations on Army Aviation requirements, readiness, and capability development activities. On Wednesday, 30 July, Aviation CDID and Army Program Manager briefings will continue in the Legends Room at The Landing from 0900-1500. All briefings on the 29th and 30th of July are unclassified, so there is no need to submit DISS information to attend.

At the conclusion of formal Industry Days events, ACC-Redstone will conduct a Flight School Next Pre-proposal Conference/Brief at the Seneff facility from 1500-1700. All interested parties are encouraged to attend.

Throughout Army Aviation Industry Days, industry partners are invited to establish product/capability booths and conduct demonstrations and static displays of equipment and aircraft prototypes (or mock up). These displays are highly encouraged at Army Aviation Industry Days 2025 and both covered and uncovered spaces are available upon coordination.
