

Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

NOTE: If a Justification was approved for the preceding acquisition, a copy of the approved Justification for the predecessor action must be included in the staff package for approval of the instant Justification. This applies to Justification staff packages that are submitted for review and approval at a level above the contracting officer. The predecessor Justification will be used as a reference document by the approving official.

Is this a new or amended J&A Document? ☒ New ☐ Amended (Prior to Award Only!)

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Funding level for this acquisition: ☒ >SAT and ≤ \$700K ☐ > \$700K and ≤ \$13.5M

Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

I. Contracting Activity.

The United States Air Force, 355th Contracting Squadron intends to award ComTac VI Headsets for Other Than Full and Open Competition.

II. Nature and/or description of the action being processed.

Sole Source Justification & Approval for ComTac VI Headsets.

III. Description of supplies/services required to meet agency needs.

The 48th RQS are requesting the procurement of ComTac VI Headsets. The ComTac VI Headsets gives personnel the ability to communicate via radio and Bluetooth. This headset is a special maritime version that was originally designed for navy seals. The three main advancements of this specific model are a built-in wireless intercom, upgraded auditory settings that include adaptive environmental settings, and an adjustable length noise canceling microphone.

IV. Statutory authority permitting other than full and open competition.

DAFFARS 5313.501 - 10 U.S.C. 2302(b) Implementation of Simplified Acquisition Procedures (41 U.S.C. 1901)

V. Demonstration that the contractor's unique qualifications or nature of the acquisition requires the use of the authority cited above (applicability of authority).

The maritime version of the ComTac VI Headsets was originally designed for Navy SEALs but it now being utilized by the Air Combat Command (ACC) BARS program. The BARS program is designed to standardize, order, and ensure accountability for individual specialized equipment used by ACC's Tactical Air Control Party (TACP) and Guardian Angel (GA) operators. Therefore, rescue squadrons on Davis Monthan AFB are following the ACC led initiatives and are requiring the purchase of these specialized headsets.

VI. Description of efforts made to ensure that offers are solicited from as many potential sources as practicable.

In accordance with FAR Part 8.002, a review of all mandatory and recommended sources was accomplished to include: internal sources, Air Force strategic sources, Federal Prison Industries, Ability One, Unicor, and GSA Advantage. An intent to sole source was posted on SAM.gov for 5 days and yielded no responses. However, the manufacturer and sole distributor of the ComTac VI Headset is Atlantic Signal. Based on market research, due to the Air Force's needs for the requirement and the essential and mission capabilities provided by Atlantic Signal, it is the best interest of the government to accomplish this as a sole source.

VII. Determination by the Contracting Officer that the anticipated cost to the Government will be fair and reasonable.

A price fair and reasonable determination will be made by comparing previous acquisitions.

VIII. Description of the market research conducted and the results, or a statement of the reasons market research was not conducted.

Market research was conducted by searching through mandatory sources, which did not yield positive results. Additionally, 355 CONS spoke with Atlantic Signal and verified that they were the sole distributor for the headsets.

Sole Source (Including Brand Name) Justification - Simplified Procedures for Certain Commercial Items

IX. Any other facts supporting the use of Other Than Full and Open Competition.

The customer elected to procure the ComTac VI headsets due to the recent change in the 48th Rescue Squadrons program of record. The program used to require Invisio headsets but has now transitioned to Atlantic Signal (ComTac).

X. List of any sources that expressed, in writing, an interest in the acquisition.

At this time, Atlantic Signal is capable of providing this requirement. Atlantic Signal has been awarded contracts to the U.S. Air Force for Headset equipment in the past.

XI. A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before making subsequent acquisitions for the supplies or services required.

It is the goal of the 355th Contracting Squadron to utilize the most efficient and affordable services in an effort to meet the customer's needs in a timely manner. However, Atlantic Signal is the manufacturer with proprietary rights. Due to the lack of competition, this will be a sole source. In the future, we will seek other manufacturers that may offer equal or greater technology.

XII. Certification by the Contracting Officer.

As evidenced by my signature above, I have determined this document to be both accurate and complete to the best of my knowledge and belief.

XIII. Certification by the technical/requirements personnel.

As evidenced by my (our) signature(s) above, I (we) certify that any supporting data contained herein, which is my (our) responsibility, is both accurate and complete.
