

Request For Information

Software development support for Naval War College Joint Military Operations Department War at Sea Wargame.

1. **Description:** The United States Naval War College (USNWC), Joint Military Operations (JMO) Department, is seeking information regarding vendors that can develop a War at Sea (WaS) application to run on a MS Surface Pro or equivalent Windows tablet as described in the attached Draft Performance Work Statement (PWS).
2. **Request For Information (RFI) Only:** This RFI is issued solely for information and planning purposes – it does not constitute as a Request for Proposal or Quotes (RFP/RFQ) or a promise to issue an RFP/RFQ in the future. This RFI does not commit the Government to contract for any supply or service.
 - 2.1 The Government is not at this time seeking proposals and will not accept unsolicited proposals. Vendors are advised that the Government will not pay for any information or administrative costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested party's expense.
 - 2.2 Not responding to this RFI does not preclude participation in any future RFP/RFQ, if any is issued.
 - 2.3 This RFI is primarily used to conduct Market Research which will enable the USNWC to determine the availability of commercial capabilities and to identify and evaluate market practices and prices.

3.0 Objective:

The objective of this RFI is to:

1. Seek feedback on the draft PWS to improve clarity and quality.
2. Determine the availability of commercial capabilities.
3. Identify and evaluate market practices and prices.

4.0 Industry Input Requested:

The Government invites interested parties to respond to the following:

1. PWS Review
 - a. Please review the attached PWS and provide suggestions to improve its quality, clarity, and alignment with industry standards.

- b. Are there additional requirements or details the Government should include to ensure seamless performance and delivery?

2. Technical Recommendations

- a. Do you have recommendations for incorporating software licensing or technical support into the contract structure?

3. Estimated Cost and Schedule to Deliver the Final Product

- a. What is the estimated cost of the final product?
- b. What is the estimated cost of yearly maintenance?
- c. What is the estimated timeline to develop the final product?

4. Additional Comments

- a. Please share any other insights, challenges, or recommendations based on your experience developing similar tablet applications.

The Government may use your feedback to refine its acquisition strategy and solicitation documents. However, no proprietary or business-sensitive information will be shared outside the evaluation team.

5.0 Questions and Responses:

- 1. Questions regarding this RFI or submission requirements shall be submitted in writing by email to Levi Andrews at levi.andrews@usnwc.edu
- 2. Responses to the RFI shall be submitted to Levi Andrews at levi.andrews@usnwc.edu
