

DEPARTMENT OF VETERANS AFFAIRS

**Justification for Single Source Awards IAW [FAR 13.106-1](#)
For
Over Micro-Purchase Threshold but Not Exceeding the SAT (\$250K)**

Acquisition Plan Action ID: [36C250-25-AP-3345](#)

1. **Contracting Activity:** Veterans Healthcare Administration (VHA), Network Contracting Office (NCO) 10, in support of Medical Service (MS) at the Louis Stokes Cleveland Veterans Affairs Medical Center (CLE VAMC), Cleveland, OH.

Transaction: [541-25-3-5796-1667](#)

2. **Brief Description of Supplies/ Services required and the intended use/Estimated Amount:**
The Department of Veterans Affairs, CLE VAMC requires a purchase order for SKM Licenses.

The software required is SKM Systems Analysis, Inc., developed and sold by SKM Systems Analysis, Inc. The Engineering Department will use this TRM-approved software to maintain and update the facility's electrical system model, including arc flash calculations and compliance updates.

The existing electrical one-line diagram for the full facility was developed using SKM software and turned over to the VA in this native file format. However, the license previously purchased by CLE VAMC has expired and must now be renewed and upgraded to accommodate the increase in electrical infrastructure since the original 2012 acquisition.

Upgrading the current SKM license to support 2,000 buses and include modules such as A_FAULT, Equipment Evaluation, and Unbalanced/Single Phase analysis, along with a reinstated maintenance plan, will cost \$17,564.00. By contrast, purchasing a new license instead of upgrading the existing one would cost the government \$23,295.00, resulting in an unnecessary additional expenditure of \$5,731.00.

ESTIMATED DOLLAR VALUE:

REQUIRED DELIVERY DATE:

30 Days ARO

3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:** SKM Systems Analysis, Inc., is uniquely qualified to provide based on the following:

SKM Systems Analysis, Inc. is the original equipment manufacturer (OEM) and the sole provider of the SKM Systems Analysis, Inc. software. SKM Systems Analysis, Inc. does not authorize any third-party distributors in the United States, nor are the software modules or

Acquisition ID#:

upgrades available through resellers. The software is proprietary and specifically configured for compatibility with CLE VAMC's existing electrical modeling framework. Substituting an alternative product would result in incompatibility with historical modeling data, loss of upgrade continuity, procurement delays, and significant operational disruptions to facility infrastructure support functions.

- 4. Description of market research conducted and results or statement why it was not conducted:** Market research, as follows, was conducted by the Contracting Officer and the service to identify available domestic sources to meet the requirements:

The OEM, SKM Analysis, Inc., a small business, was contacted to receive a list of authorized distributors, with a concentration on SDVOSB and VOSB-authorized distributors. The OEM stated that they currently do not use distributors in the USA.

- VetCert (VA's Veteran-Owned Business Database):
 - NAICS Code Searched: 513210 (Software Publishers)
 - Results: There were no results
- GSA eLibrary, ECAT, SAM.gov, Interagency Contract Directories, NAC, FPDS, SCMC, MSVP, BIC and FDA:
 - Keywords Used: "SKM License"
 - Results: There were no results
- DSBS:
 - NAICS Code Searched: 513210 (Software Publishers)
 - Keywords Used: "SKM License"
 - Results: There were no results

Based on these findings, no alternative sources were identified that could fulfill the requirement without causing significant compatibility issues, procurement delays, or operational disruptions. The VA and SBA Rule of two cannot be met.

- 5. Contracting Officer's Certification:** *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*
