MEMORANDUM FOR RECORD

SUBJECT: Determination and Findings, Contract Type, W9115125RA006, FT. Cavazos Commercial Doors Maintenance, Fort Cavazos, TX

1. FINDINGS.

a. MICC-Ft Cavazos is proposing to enter into a Firm Fixed Priced (FFP) type of contract for the Commercial Doors Maintenance for FT Cavazos, TX. These services meet the definition of a commercial service in accordance with FAR 2.101. The contractor shall provide the above services in accordance with (IAW) the terms, conditions, and specification outlined in the performance work statement (PWS).

b. The government has an adequate PWS for this requirement, and there are reasonable price comparisons on prior contracts for similar services made on a competitive basis and supported by valid pricing data. The estimated value for this procurement is \$14,999,088.74 over a 60-month period.

c. The Contractor shall provide overall management, supervision, personnel, labor, generalized or specialized equipment necessary to maintain, repair, and perform all the requirements specified in the PWS.

d. This procurement is a known and reoccurring requirement. The price risk is minimal and can be estimated with an acceptable degree of certainty.

2. DETERMINATION. Based on the foregoing information and IAW FAR 16.103, I determine the contract type to be used for the acquisition of FT. Cavazos Commercial Doors Maintenance is a FFP contract type placed IAW FAR Parts 8, 12, 15, and 19, is the most practical and economic method to procure this service.
