

DESCRIPTION – INTENT TO SOLE SOURCE – 36C26325Q0581

Department of Veterans Affairs intends to issue a Firm-Fixed Price contract to a single source, SCINTICA INC., for an Activo 3D Bioprinter. This procurement is authorized by FAR 13.106-1(b)(1)(i). The model of 3D Bioprinter required is an essential component of a grant funded research project; the research project cannot move forward without this model printer. The source is Original Equipment Manufacturer's only licensed distributor for this printer in the United States.

The NAICS code is 541714 The PSC code is 6515.

This notice of intent is not a request for competitive quotations. However, all responsible sources may submit a capability statement, which shall be considered by the Government. The Government will consider responses received by the closing date of this notice. Information received will be considered solely for the purpose of determining whether or not to conduct a full and open competitive procurement or a small business set aside competitive procurement. The Government will not pay for any information received in response to this announcement.

If the Government decides to compete this requirement, a synopsis shall be issued utilizing the combined synopsis/solicitation procedure identified in FAR 12.603.

A determination not to compete this requirement based upon responses to this notice is solely within the discretion of the Government.

POTENTIAL SOURCES SHALL PROVIDE THE FOLLOWING INFORMATION IN THEIR RESPONSE:

1. Company name, address, primary contact(s), e-mail address & phone number.
2. A letter from the OEM confirming your firm is an authorized distributor.
3. SAM UEI number.
4. State if your firm is a large business, small business, service-disabled-veteran-owned small business, veteran-owned small business, HUB zone 8(a), women-owned small business or a disadvantaged small business
5. State if your firm has required items on Schedule (FSS, GSA, SEWP, other...).
6. If your firm is a Socio-economic small business (WOSB, VOSB, SDVOSB...) state if your firm is a Non-Manufacturer under the Non- Manufacturing Rule. Information regarding the Non-Manufacturer Rule can be found at these links:

How to Respond:

All responses must be sent by email to this email address: **Christi.Melendez@va.gov**
All responses must have this VA Identifier in the subject line of the email: **36C26325Q0581**.
All responses must be received no later than: **03:00pm CST Wednesday 04/30/2025**

Nature and/or Description of the Requirement:

General Equipment Name: ACTIVO 3D Bioprinter

Description & Salient Characteristics:

Project title: "3D bioprinted human corneal endothelial grafts as a renewable source for endothelial keratoplasty transplantations."

U-Fab Activo 3D Bioprinter

Must be able to perform extrusion as well as droplet-based bioprinting

Must have temperature controlled printheads

Must have UV crosslinking capabilities

Must be able to 3D print biomaterials and living cells

Must be able to print in custom geometries

Must be outfitted with custom software to enable integration of the bioprinter with an external object (i.e. a hard contact lens or other cellular delivery vehicle made from measurements of individual eyes)

Required Individual Line Items & Quantity of Items

- **U-Fab Activo #D Bioprinter**
Equipment size : 636.5(D) x 778(W) X 708.5(H) mm, Equipment Weight : 120kg(264 lb),
Build Volume : 150(D) x 150(W) X 50(H) mm
Channel Variation: Three U-BIOLET dispensers (Low Viscosity Droplet) & ONE U-BIOXT-HV extruder (High Viscosity, Low ~High Temperature)
Crosslinking Method : UV / Temperature / Chemical / Enzymatic /Ph- Sensitive
Max.pneumatic Pressure : 8bar
Interface : PC ,Windows
Camera : 720p HD Camera
Power : 220V / AC 2.1A 460W
- **U-Fab Activo USB 3D Camera, 3D Printed Camera Holder and S Mount USB 3.0 Camera**
- **U-Fab Activo Standard Maintenance Support for Hardware and Software 1 year**

*** End ***
