

**Statement of Work
For
AUTOCAD Software and Application Training**

PURPOSE

The Naval Surface Warfare Center, Indian Head Division (NSWC IHD) utilizes AUTOCAD for 2D Computer-Aided Design (CAD), electrical schematic drawings, panel layout drawings, and tool design drawings. Services required include all AUTOCAD software licenses and upgrades, technical support, and software application training. NSWC IHD has a requirement for AUTOCAD software and application training.

REQUIREMENTS

The Offeror shall be an authorized AUTOCAD distributor, able to sell and provide all AUTOCAD licenses and upgrades, technical support consulting, and software training.

The Offeror shall provide training on all AUTOCAD applications provided by Autodesk, Inc. The Offeror shall be equipped to provide online training of all AUTOCAD applications.

The Offeror shall provide all software updates, patches and security updates when available to NSWC IHD for the duration of the contract.

All AUTOCAD licenses shall be maintained by a network license manager that allocates licenses on a per need basis. All AUTOCAD licenses shall be aligned to have the same license expiration date.
