

DEPARTMENT OF THE AIR FORCE
AIR FORCE LIFE CYCLE MANAGEMENT CENTER
HUMAN SYSTEMS DIVISION
WRIGHT-PATTERSON AIR FORCE BASE

Title of Event: LRU-36/A Life Raft Industry Day

Audience: Members of the DoD and Industry Representatives

When: 13 May 2025, 0800-1600

Where: Mercer Research Engineering Center Auditorium
135 Osigian Blvd, Warner Robins, GA, 31088

Abstract: The Air Force (AF), AFLCMC/ROU, Human Systems Division, seeks to discuss the upcoming release of the LRU-36/A Government owned life raft design along with its manufacturing techniques and processes. The HSD aims to discuss the planned solicitation and potential resulting future contracts. The purpose of this industry day is to discuss with industry representatives their production capabilities, timelines, and submission of deliverables. Additionally, the HSD intends to receive and ask questions that will be beneficial in developing the requirement for future release.

This industry day in no way obligates the Government and is intended to be a market research tool to benefit both members of the DoD and industry representatives.

Who should attend: Vendors who sell products (life rafts) that believe they are able to meet the potential future requirement for production of LRU-36/A life rafts. Representatives should bring estimates of production capabilities, timelines and company overviews. *Note: Please limit industry representation to 3 participants per company.*

Industry Day Goals:

- Ensure synergy between the DoD and industry representatives
- Incorporate industry comments and answered questions into the requirement development process
- Communicate the DoD's LRU-36/A requirement
- Overview of projected future schedule of the program
- Gain a better understanding of industry developments

High-Level Agenda:

- Welcome and Agenda Overview
- Introduction of the LRU-36/A Brief
- -- break --
- Timeline of LRU-36/A release and future award schedule
- Group Q and A session
- -- lunch --
- Scheduled One on Ones
