In conclusion, the requested supplies or services represent the minimum requirements of the government.

**Describe in detail why only this source can furnish the requirements to the exclusion of other sources. (what specific characteristics of the supplies or services limit the availability to a sole source (e.g., unique features, function of the item, etc.)?)**

☒ *The supplies or services must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.*

The fire performance of shipboard deck matting for physical fitness facilities shall be in accordance with MIL-STD-1623, Per Fire Performance of Gym/Exercise mat materials email dated 02 DEC 2020, "Each physical fitness facility shall be outfitted with non-flammable, nonporous deck matting. Deck mats in physical fitness spaces shall be in accordance with the fire performance requirements of MIL-STD-1623 for electrical grades mats."

☒ *A patent, copyright or proprietary data limits competition.*

This is a special order product and the OEM, [REDACTED], is the only vendor able to meet the government's needs. There are no authorized resellers.

☒ *These are "direct replacement" parts/components for existing equipment.*

The mats are a direct replacement for the exact same mats that are currently in use.

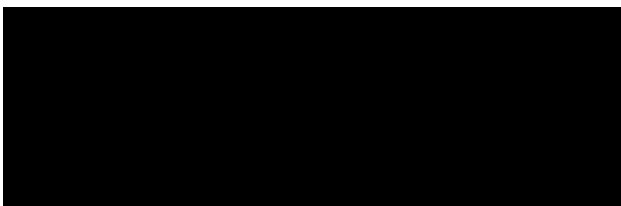

**Other information to support a sole source action:**

See 2.01a and 2.01b in contract E-files for information regarding the Material Fire performance evaluation and Navy Policy on Authorized gym mating for habitability on Naval Vessels.
