

DEPARTMENT OF THE NAVY

NAVSUP WSS

5450 Carlisle Pike | PO Box 2020 | Mechanicsburg, PA 17055-0788

Sole Source Justification for Commercial Items using FAR 13.5

1. Contracting Activity

Contracting Activity		NAVSUP WSS - Mechanicsburg			Type	Sole Commercial	
Folder #		242021727			PD #	N0010424X9104	
Item Manager	Esposito, Albert	Work Function	Planner	Phone		Code	
						N96	
Technician	Reasner, Nicolette	Work Function	Reprocurement Technician	Phone		Code	
						N9652.18	
Buyer	Miller, Brandyn	Work Function	Contract Specialist	Phone		Code	
						N7M3.4	

2. Description of the Action Being Approved

Description	Negotiation and award of a contract through other than full and open competition.
-------------	---

3. Description of Supplies/Services

Nomenclature		TEST SET, RADIO			Quantity		
NSN		6625 016521268			Cage Code		
P/N		CMA-180			Unit Price		
Required Delivery Date	03/20/2027	Option	Y	Option %	100	Days	365
Estimated Value							
Ship To							
Period of Performance: Expected Final Delivery Date							
Line of Accounting		97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMC00000000					

List of Items/Item Description	TEST SET, RADIO - Test set for shipboard, Air station, and Aircraft unsecure/secure radio communication devices/sets.
--------------------------------	---

4. Statutory Authority Permitting Other Than Full & Open Competition

This justification is based upon the statutory authority of 41 U.S.C. 1901, as implemented by Federal Acquisition Regulation Subpart 13.5

5. Rationale Justifying Use of Cited Authority

A/RMC3
Acquire, for the second or subsequent time, directly from the actual manufacturer.

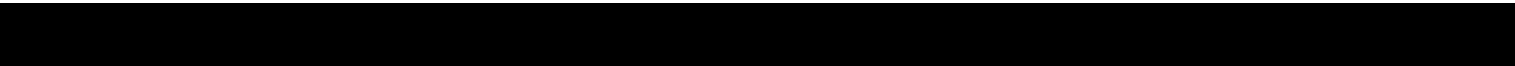

A/RMSCR
The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be negotiated with
Cage 82199: ROHDE & SCHWARZ USA, INC. The Government does not own the data, or the rights to the data needed to openly compete this procurement requirement. Only the source listed above, who is the OEM, maintains the design and manufacture standards via design drawings, manufacture procedures, and quality assurance procedures. The Test Set, Radio is currently used on a majority of LCS, DDG platforms, and specific Naval Air Stations, and associated Aircraft. The Test set is utilized on unsecure/secure radio communication equipment, onboard these platforms. The CMA-180 model is extremely compatible with our radio communication equipment currently utilized, due to it wide testing frequency range of 100KHZ to 30GHZ, for Continuous Wave (CW), Frequency Modulation (FM),and Amplitude Modulation (AM), for Transmitting/Receiving frequencies, and modulation and demodulating test requirements. The Radio Test Set includes the advanced features for audio quality testing for: Signal to Noise and Distortion ratio (SINAD), Total Harmonic Distortion (THD), and Signal to Noise Ratio (SNR).Users can also re-configure the tester at the ship level, to match configuration, when equipment configuration changes occur. The test set as manufactured, meets the requirements of MIL-STD-810F, Mechanical Shock and Vibe, Altitude, Humidity, and Salt Fog Spray. The Government does not have the data/or is not authorized to use the data, to approve alternate sources. A failure to manufacture this test equipment properly, can cause severe degradation to unsecure/secure radio communications.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

The proposed contract action was synopsized in the government-wide point of entry on02/15/2025

The following sources have expressed an interest, in writing, in this acquisition

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.
