

DEPARTMENT OF THE NAVY
NAVAL FACILITIES ENGINEERING SYSTEMS COMMAND FAR EAST
PSC 473 BOX 13
FPO AP 96349

Justification and Approval Number 25-JA-FECON-0009

JUSTIFICATION AND APPROVAL
FOR USE OF OTHER THAN FULL AND OPEN COMPETITION

1. Contracting Activity.

Naval Facilities Engineering Systems Command (NAVFAC) Far East, Facilities Engineering and Acquisition Division (FEAD), Yokosuka

2. Description of the Action Being Approved.

Award of a contract to CS One Co., LTD. (CS One) on a sole source basis for Fire Protection Systems and Intrusion Detection System Maintenance and Repair services in support of the Commander Fleet Activity Yokosuka (CFAY), Japan.

3. Description of Supplies/Services.

The Contractor shall provide all labor, management, supervision, tools, material, equipment facilities, transportation, and any incidental related work to perform Preventive Maintenance and Inspection (PMI) service orders for Fire Protection and Intrusion Detection Systems located in CFAY, Ikego, Urago, Azuma, Negishi, North Dock, Tsurumi and Nagai, Japan.

The period of performance is one year, from 23 March 2025 to 22 March 2026.

The estimated contract value is \$3M, and the applicable fiscal year Operations and Maintenance, Navy appropriations will be utilized.

4. Statutory Authority Permitting Other Than Full and Open Competition.

10 U.S.C. §3204(a)(2); Unusual and Compelling Urgency

5. Rational Justifying Use of Cited Statutory Authority.

The final option period of Contract No. N4008420D0101 expires on 22 March 2025. A competitive follow-on contract is in process, but will not be awarded in time to prevent a lapse in service.

FEAD Yokosuka experienced administrative delays in generating the technical requirement package for subject contract due to major changes to the scope. New requirements were identified after the initial contract package was completed. In addition, the initially proposed acquisition strategy was changed based on the technical complexity of the revised scope.

CS One is the incumbent and is already performing CFAY Japan's PMI for Fire Protection and Intrusion Detection Systems and has the requisite resources, skills, and knowledge to continue uninterrupted services until the award of the follow-on contract is made. They are uniquely positioned to complete the required services with no undue delay, expeditiously addressing the impacts to installation mission, life safety, and security. In Addition, a lapse in services will affect the U.S. Government relationship with Japan, the host nation as the U.S. Government has a responsibility of providing a safe environment for the US and Japanese employees aboard the installation and satellite sites.

Procuring requirements outlined herein through full-and-open competition is neither practical nor achievable since it will result in meaningful delays and substantial project cost increases while also exposing CFAY to unnecessary risk and potentially negatively impacting the CFAY's mission objectives in Japan.

6. Description of Efforts Made to Solicit Offers from as Many Offerors as Practicable.

Synopsis of the proposed contract was not published to the SAM,GOV website due to applicable exception under FAR Part 5.202(a)(2). However, the approved J&A will be posted on SAM.GOV within 30 days after award of the contract in accordance with FAR 6.305.

7. Determination of Fair and Reasonable Cost.

The contracting officer has determined the anticipated cost to the Government of the services covered by this J&A to be fair and reasonable.

8. Actions to Remove Barriers to Future Competition.

The follow-on contract will be completed using competitive procedures with award scheduled in the second quarter of FY26.

CERTIFICATIONS AND APPROVAL

TECHNICAL/REQUIREMENTS CERTIFICATION:

I certify that the facts and representations under my cognizance, which are included in this Justification and its supporting acquisition planning documents, except as noted herein, are complete and accurate to the best of my knowledge and belief.

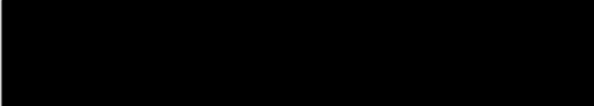

Technical & Requirements Cognizance:

I certify that the facts and representations under my cognizance, which are included in this Justification and its supporting acquisition planning documents, except as noted herein, are complete and accurate to the best of my knowledge and belief.
