IDENTIFICATION OF STATUTORY AUTHORITY

Citation: 41 U.S.C. 3304(a)(1). FAR 6.302-1: Only one responsible source and no other supplies or services will satisfy agency requirements.

DEMONSTRATION THAT THE ACQUISITION REQUIRES THE USE OF THE AUTHORITY CITED

Contract Task Order 47PH0525F0062 was awarded on March 10, 2025, for construction services at the Baton Rouge Federal Courthouse. The design for this project was done by PDG, Inc. under GSA's regional Indefinite Delivery Indefinite Quantity contract, which has now expired. Due to the current Government's downsizing and re-structuring, it has been determined that M&I services are needed for this construction project. Additionally, personnel downsizing has delayed the award of GSA's new regional IDIQs and they are not expected to be awarded until months from now. It is highly recommended that this M&I project be solicited and directly awarded to PDG, Inc. based on the following.

1. Logical Follow project. PDG, Inc. is familiar with the project as they were the A&E firm that designed the project. Soliciting this project through other means would mean additional costs for the Government that are not expected to be recovered through competition. Soliciting this project through other means would also delay the current construction project that has already been awarded and needs these services immediately or risk construction delays.

EFFORTS TO SOLICIT TO AS MANY SOURCES AS PRACTICABLE

This is a Sole Source justification, the intent is to award a contract to one firm, no other sources will be solicited.

DETERMINATION THAT THE ANTICIPATED COST WILL BE FAIR AND REASONABLE

A comparative analysis of the contractor's proposed price will be compared to the Independent Government Estimate (IGE). Additionally, historical pricing for other M&I projects in the region is available for further price analysis. If required, negotiations will be conducted to ensure pricing is
