

**BUREAU OF RECLAMATION
BUILDING 56 ROOM 2620 SWING OFFICE
STATEMENT OF OBJECTIVES (SOO)**

- 1. Overview:** This Statement of Objectives outlines the essential tasks and expectations for the successful preparation of the 2620 wing in Building 56. The contractor is responsible for developing a Performance Work Statement (PWS) as part of their quote. The Bureau of Reclamation's Technical Service Center is renovating the 2700 wing of Building 56. During this renovation, employees will occupy the 2620 wing, which requires preparation to ensure it meets operational needs.
- 2. Purpose:** The purpose of this SOO is to outline the objectives for the reparation of the 2620 wing in Building 56 at the Denver Federal Center, ensuring it is ready for occupancy by Bureau of Reclamation (BOR) employees during the renovation of the adjacent 2700 wing.
- 3. Scope:** The contractor will develop a plan to prepare the 2620 wing for occupancy by conducting an inventory of existing furniture, transporting necessary workstations, providing a design layout, determine and coordinate infrastructure needs and managing any furniture disposal requirements to deliver a functioning office environment.
- 4. Period and Place of Performance:**
 - a. Period of Performance:** The inventory and buildout should commence immediately after award, with an ultimate performance completion of no longer than 60 Days.
 - b. Place of Performance:** Denver Federal Center, building 56 and building 41, 2620 Wing, Lakewood, CO 80225.
- 5. Performance Objectives:**
 - a. Inventory and Assessment:** Conduct a comprehensive inventory of Herman Miller Ethospace cubicles stored in Building 41, there are approximately 30 workstations on site however the exact number and completeness of parts is not guaranteed.
 - b. Transportation:** Facilitate the transport of workstations from Building 41 to Building 56, utilizing available docks and a freight elevator.
 - c. Design Layout:** Provide a design layout through the submittal process that meets Reclamation's requirements, including configurations for 33 cubicles in an ~6600 square foot office space.
 - d. Disposal of any and all left over furniture pieces from Building 41 that are not used in the new office configuration.**
 - e. Infrastructure Coordination:**
