

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: AFLCMC/GBHCR

Project/Program Name: DBsign Data Security Suite Annual Maintenance Subscription (DBS-AM-HTML) and DBsign JavaScript Annual Maintenance Subscription (DBS-AM-HTML-1)

Purchase Request / Local ID Number: [REDACTED]

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

AFLCMC/GBH has a requirement to renew annual maintenance of DBsign 4.x and DBsign JavaScript Annual Support Subscription in support of Virtual Military Personnel Flight (vMPF). DBsign enables digital signature on all automated DD214s and NGB22s for the entire force. JSWS add-on library allows DBsign to be used with the latest versions of web browsers and no longer requires Java plug-in capability. DBsign is currently the only product capable of meeting the Government's needs due to highly unique and specialized capability provided in support of vMPF and the entire force for the US Air Force and Space Force.

Section C: Justification for Soliciting from a Single Source or Brand Name

Gradkell Systems, Inc. is the sole manufacturer of the DBsign Data Security Suite software and is also the sole provider of maintenance services for the DBsign Data Security Suite. Gradkell does not have authorized resellers for their suite of products.

Section D: Efforts to Obtain Competition

DoD ESI and NASA SEWP were searched and not found for these particular products. Gradkell is now on GSA but does not have any authorized resellers and only sells direct to its customers. No additional efforts were made to obtain additional competition since time and effort to consider other options would result in at least double the cost of the current solution.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

[REDACTED] the GBH program team is always conducting market intelligence gathering to determine if there are other possibilities to reduce lifecycle costs for this effort.

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
