DESCRIPTION

NOTICE OF INTENT TO SOLE SOURCE

Lease of SPS Trailers

Veterans' Health Affairs, Network Contracting Office 5, is issuing this Notice of Intent to Sole Source to identify any potential sources that have the resources and capabilities to provide two sterile processing systems (SPS) trailers with equipment, maintenance, and testing at the Washington DC VA Medical Center 50 Irving St. NW, Washington, DC 20422 by July 1, 2025.

The government is contemplating a Base period of six months and four six-month options Firm Fixed Price contract to satisfy this requirement and meet the needs of the Washington DC Medical Center.

BACKGROUND

The sterile processing area is under construction and has been delayed several months at this time therefore these services are needed to support medical procedures and surgeries in the OR, CATH Lab, Dental, CBOCs, GU Surgical suites and other clinics at the Washington DC Veterans Affairs Medical Center (VAMC).

SCOPE

The contract includes the installation of one Mobile Sterile Processing System that includes a sterile area and a decontamination area, one Mobile Water Solutions Trailer, and manufacturer's support maintenance of the equipment during the lease, with commissioning and decommissioning of the MSPS per the schedule below:

1. Mobile Sterile Processing System which includes a decontamination area equipped with three (3) Washer/Disinfectors, two (2) Ultrasonic Cleaner, two (2) Workstations with integral 3-bay sink with critical/ DI water for final rinse.
2. Customer-supplied Prep and Pack equipment with a minimum of four workstations
3. Customer-supplied shelving for storage of supplies enough to hold clean lose instruments.
4. Sterile area equipped with three (3) Steam Sterilizers.
5. Cold Weather Package.
6. Unit De-Commissioning – includes unit de-installation, pickup and delivery back to Vendor.
7. Mobile Water Solutions Trailer Rental for the provision of hot water to pre-heat water entering sterilizers and/or to provide water conditioning and DI water (to include delivery and pickup of Mobile Water Solutions Trailer).
8. Quarterly preventive maintenance for the MSPS (including booster pumps) and Mobile Water Solutions Trailer provided at no additional charge.
9. Water Booster Pumps will be required to ensure that 70 psi dynamic water pressure is maintained ensuring optimal operation of the sterilizers.
10. DI (Deionized)Water and Conditioned Water Systems. The vendor will manage the scheduling of exchange tanks, filter changes and any other DI and Conditioned

Special Notice
