

Single Source Justification (Simplified Acquisition)**Section A: General Contract Information**

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: 99 CONS/PKB

Project/Program Name: 99 SFS Rizer Drones

Purchase Request / Local ID Number: F3G3LC5093AQ01

Estimated Contract Cost (including Options):

Section B: Description of the Supplies/Services Required

The 99th Security Forces Squadron (99 SFS) is requesting the purchase and delivery of four (4) Da-Jiang Innovations (DJI) drones, four (4) Pixel Phone for Fly App, and four (4) Rizer as a Service (RaaS).

Section C: Justification for Soliciting from a Single Source or Brand Name

Edgesource is the sole provider of Rizer, and does not utilize authorized resellers as Rizer is controlled software that is only distributed to customers via approval from the Rizer program management office. The Fiscal Year (FY 24) National Defense Authorization Act (NDAA) stipulates that DJI drones may only be utilized if they have approved mitigation software installed such as Rizer developed by Edgesource. A memo from SAF/AQ mandates that DoD Rizer must be installed and fully operational prior to flight operations. DJI drones are made in China and retain the capability to collect sensitive user and mission data. Rizer mitigates these national security risks and allows these drones to be used in Counter-small Unmanned Aircraft Systems (C-sUAS) testing and training.

Section D: Efforts to Obtain Competition

Market research has determined that Edgesource is the only known vendor capable of fulfilling this requirement.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

In the future, continual market research shall be performed for similar or like requirements to ascertain if other manufacturers are entering these specified markets that can meet the AFI, DoDI standards/requirements, or FY 24 NDAA. Additional market research shall also be conducted to determine if there are other brands available for future similar or like requirements that will neither hinder the mission of the customer nor increase the cost/price for the government.
