

STATEMENT OF WORK (PR #4200902638)

Objective/Requirements

The Research and Engineering Directorate, at GRC, requires the renewal of maintenance and support for our current Delmia licensing which was procured previously under PO#80NSSC24PB695. The current licensing needs to have the maintenance and support renewed for another year so we can continue to use the software, get patches, SW Support, and upgrades from the Vendor.

1.

2. Characteristics, Scope, and Specs

Installed Base Number	Version	Licensing Scheme	Short Ref	Product Name	Pricing Structure	Qty
LN00046399102	V5	Concurrent (Configuration)	AP2	DELMIA - DPM Assembly 2 Configuration	ALC	2
LN00046399104	V5	Add-On	DBG	DELMIA - Device Building 2 Product	ALC	1
LN00046399108	V5	Add-On	MOP	DELMIA - DMU Optimizer 2 Product	ALC	1
LN00046399110	V5	Add-On	MST	DELMIA - STEP Core Interface 1 Product	ALC	2
LN00046399112	V5	Add-On	MTP	DELMIA - MULTICAx - STEP Plug-in Product	ALC	1
LN00046399106	V5	Add-On (Package)	GTS	DELMIA - Geometry Tool Set	ALC	2
LN00046399114	V5	Concurrent (Package)	HWSB	DELMIA - Human Workplace Simulation	ALC	2

3. Place of Performance

John H, Glenn Research Center, Neil Armstrong Test Facility and Engineering Users On-site or Teleworking

4. Period of Performance

June 28,2025 – June 27, 2026
