Brief description of supplies or services required and the intended use:

E-ZPass Maryland is an electronic tolling system that is implemented by the State of Maryland. The State of Maryland has moved towards a cashless option to improve the flow of traffic and cut back on congestion. The cashless option requires that transponders are assigned to each OGV. Travelers are given lower rates when an EZ- Pass account is establish and a transponder is utilized. The M-Tag is only utilized when it is considered mission essential and required to complete an operation. The use of toll roads allows the agents to get to their destination in a timely manner. Agents can also respond to emergencies faster with the use of toll roads when there is heavy traffic.

Summary of the facts and circumstances that support the determination that ☒ only one source is reasonably available to supply the required supplies or services, or ☐ only the specified brand-name items can satisfy the Government's need:
