

DEPARTMENT OF THE NAVY
NAVAL FACILITIES ENGINEERING SYSTEMS COMMAND SOUTHEAST
JACKSONVILLE, FL 32212-0030

J&A No.: N69450-25-0470
Contract Number: N62742-24-D-3506

**JUSTIFICATION AND APPROVAL
FOR USE OF OTHER THAN FULL AND OPEN COMPETITION**

1. Contracting Activity. The contracting activity is the Naval Facilities Engineering Systems Command Southeast (NAVFAC SE).
2. Description of the Action Being Approved. Issuance of a second sole-source task order to Vectrus Systems LLC, under Contract N62742-24-D-3506, Global Contingency Support Multiple Award Contract (GCSMAC), for contingency support services in connection with Operation Southern Guard at Naval Station Guantanamo Bay, Cuba (NSGB).
3. Description of Supplies/Services. The services to be performed include procurement and provision of food, water, and other life safety and humanitarian support necessities for detainees in connection with Operation Southern Guard at NSGB. Under a separate justification and approval (J&A), the contractor received a task order for all labor, supervision, management, tools, materials, equipment, transportation, utilities, waste management, landscaping, custodial, pest control, sustainment, maintenance, repairs, site buildout and all similar or incidental engineering and facilities engineering support services to effectively construct/build operation site and provide BOS services in support of Operation Southern Guard at NSGB. This J&A is a logical follow-on for the humanitarian support products and services required to operate the facilities in an orderly, safe, and humanitarian manner in accordance with the relevant executive orders and directives.

Estimated Dollar Value: Not to Exceed (NTE) [REDACTED]

Period of Performance		Cost, Plus Award Fee Task Order
Base Period (6 Months)	1/31/2025 – 7/30/2025	[REDACTED]

Services under this task order will be funded by various appropriations and funds including:

- Non-Appropriated Funds
- Operations & Maintenance, Army
- Operations & Maintenance, Defense Agencies
- Operations & Maintenance, Navy
- Homeland Security appropriations
- Other appropriations

4. Statutory Authority Permitting Other Than Full and Open Competition. The task order is being negotiated on a sole-source basis pursuant to 10 USC 3204(a)(2), Unusual and Compelling Urgency, as implemented by FAR 6.302-2.

J&A Number N69450-25-0470
[REDACTED]

5. Rationale Justifying Use of Cited Statutory Authority. The use of the authority cited above is appropriate due to the unusual and compelling urgency of the need for providing for the safe and humanitarian detention of migrants of varying status at NSGB in connection with Operation Southern Guard as directed by relevant presidential executive orders and U.S. Southern Command (SOUTHCOM) execution orders. Delays in awarding the task order would seriously injure the Government's ability to expedite the safe and secure detention of illegal aliens at the facility. The provision of food, water, and ancillary life safety and humanitarian necessities is an urgent and compelling requirement that cannot be delayed without jeopardizing national security and human lives. The scope of work of Contract N62742-24-D-3506, Global Contingency Support Multiple Award Contract (GCSMAC) is for contingency operations, including emergency response worldwide. This contract is the most suitable acquisition vehicle for an urgent and compelling task order calling for contingency site construction and BOS services for Operation Southern Guard at NSGB. There are six contractors under the GCSMAC: AECOM-ASO JV; Amentum Services, Inc.; Flour Intercontinental, Inc.; IAP-ECC; KBR Services, LLC; and Vectrus Systems LLC. Ordinarily, task orders are competed among these contractors. In this particular instance, Vectrus Systems LLC is the only source and only MAC contractor available to readily perform the required urgent and compelling services in the time available.

Vectrus Systems LLC is currently mobilized and established at the installation as the incumbent base operating service contractor under Contract N69450-23-D-0022, Base Operating Services Contract NSGB. There is no other source under the GCSMAC III or otherwise that could meet in a timely and cost-effective manner the unique exigencies of the required Operation Southern Guard site buildout and BOS services. Vectrus Systems LLC is currently mobilized and established at NSGB where it currently provides practically identical BOS services and minor construction for all other facilities and missions at the unique overseas military and humanitarian support installation in the Caribbean. Vectrus Systems LLC has also been tasked under a separate J&A and task order to perform the buildout and BOS support in connection with Operation Southern Guard.

NSGB is an isolated military installation subject to unique, complicated, and highly complex logistical challenges impacting the viability of base operating support services. NSGB is politically isolated and is operated without any support from the local host nation economy. NSGB generates its own electricity, water, and all other utilities. NSGB has limited housing, medical, and ancillary support facilities. Contractors must provide and furnish their own labor camp facilities. Foreign national labor is obtained under international agreements that require housing, medical, and other support to the workforce. All materials and equipment must be barged or imported by air. Mobilization requires a significant upfront investment and lead time. There is no spare room on base to house redundant contracting forces. Competing a redundant contract action for the site buildout and BOS services would jeopardize not only Operation Southern Guard, but the whole military and humanitarian support mission of NSGB.

All required provision of food, water, and life safety humanitarian needs under the authority requested by this J&A are critical requirements which the United States Government requires on an urgent and compelling basis. A delay or lapse in service would result in serious injury to the Government and to the lives of detainees at the facilities in support of the mission of Operation Southern Guard. The GCSMAC III is the only contract vehicle available to quickly contract the required services and Vectrus Systems LLC is the only contractor available to provide the

services without creating an undue burden and irreparable injury to the United States of America.

6. Description of Efforts Made to Solicit Offers from as Many Offerors as Practicable. No additional market research was conducted because it is not practicable, for the reasons discussed in paragraph 5 above, for any company other than Vectrus Systems LLC to provide the required services.

7. Determination of Fair and Reasonable Cost. The Contracting Officer has determined the anticipated cost to the Government of the services covered by this J&A will be fair and reasonable. Certified Cost and Pricing Data will be received and evaluated to make the fair and reasonable determination. In addition, the Government will use competitive pricing established in the current task order contract, the Independent Government Estimate, or historical data as appropriate to negotiate a fair and reasonable price.

8. Actions to Remove Barriers to Future Competition. Consistent with Competition in Contracting Act, Full and Open Competition will be undertaken in future requirements as opportunities are available.

CERTIFICATIONS AND APPROVAL

TECHNICAL/REQUIREMENTS CERTIFICATION

I certify that the facts and representations under my cognizance which are included in this Justification and its supporting acquisition planning documents, except as noted herein are complete and accurate to the best of my knowledge and belief.

Technical/Requirements Cognizance:

 Digitally signed by _____

Date

FSC Product Line Director
Naval Facilities Engineering Systems Command Southeast

LEGAL SUFFICIENCY REVIEW

I have determined this Justification is legally sufficient.

 Digitally signed by _____

Date

Associate Counsel
Naval Facilities Engineering Systems Command Southeast

CONTRACTING OFFICER CERTIFICATION

I certify that this Justification is accurate and complete to the best of my knowledge and belief.

 Digitally signed by _____

Date

Contracting Officer
Naval Facilities Engineering Systems Command Southeast

ASSISTANT COMMANDER FOR CONTRACTING APPROVAL

Upon the basis of the above justification, I hereby approve, as the Assistant Commander for Contracting, the solicitation of the proposed procurement(s) described herein using other than full and open competition, pursuant to the authority of 10 U.S.C. 3204 (a)(2) Unusual and Compelling Urgency.
