

HOW TO DO BUSINESS WITH THE U.S. GOVERNMENT

Learn how to bid on projects in Serbia and around the world

Venue: Chamber of Commerce and Industry of Serbia Belgrade, Hall 1

Tuesday, March 04, 2025, from 9:30am- 12:30pm

Cost: Free of charge

You are cordially invited to participate in the United States of America Industry Day organized by the U.S. Naval Facilities Engineering Systems Command (NAVFAC) in collaboration with the Chamber of Commerce and Industry of Serbia and the United States Embassy-Belgrade.

The primary objective of this event is to empower local companies by providing them with the knowledge, tools, and resources to bid on U.S. government projects. By understanding how to register and bid on sam.gov (the U.S. government bidding platform) local businesses can confidently navigate the complexities of project participation and increase their chances of winning contracts with the U.S. government.

We have experts from NAVFAC who will cover a range of topics including the past projects Serbia, contracting processes, requirements for project participation, upcoming projects in Serbia and best practices for successful bids.

In addition to presentations, there will be interactive discussions where attendees can directly engage with NAVFAC representatives and the US Embassy staff to get all their questions answered.

Please register no later than Friday, 28 February at the following [link](#).

For additional information, please contact:

CCIS – Marica Vidanović, Head of the U.S. Department; +381 66 875 1208; Marica.Vidanovic@pks.rs
The U.S. Embassy Belgrade – Ivan Tasic, Humanitarian Assistance Manager; +381-11-706 4418; tasici@state.gov
