

ARMY CONTRACTING COMMAND - ABERDEEN PROVING GROUND (ACC-APG)

The Procurement Pulse

ACC-APG's Quarterly Industry Newsletter

April 2025 | 3rd Edition

Army Contracting Command Aberdeen Proving Ground (ACC-APG)'s quarterly newsletter, "The Procurement Pulse," is intended to serve as an additional resource to share information about our teams and integrated defense acquisition activities.

Feedback and/or suggestions on types of content for future issues is welcome. [Send us a note!](#)

ABOUT US

ACC-APG is one of the supporting contracting centers aligned under ACC headquarters, which is a major subordinate command of Army Materiel Command (AMC). ACC-APG provides comprehensive contracting, business advisory support and sustained expertise through eight major competency areas: research and development; command, control, communications, computers, cyber, intelligence, surveillance, and reconnaissance (C5ISR); test and evaluation; chemical, biological, radiological, and nuclear defense (CBRND), sustainment and Soldier protection; and digital capabilities.

Our executive director and staff components are located at APG, MD; and we have a contracting presence in Adelphi, MD; Ft. Belvoir, VA; Ft. Huachuca, AZ; Frederick, MD; Natick, MA; Research Triangle Park, NC; Tobyhanna Army Depot, PA; Austin, TX; Orlando, FL; and White Sands Missile Range, NM.

ACC-APG INDUSTRY UPDATE

On 04 April, an email was sent out regarding changes to our Source Selection Support Center of Excellence (SC3oE) that lacked clarity. We apologize for any confusion this may have caused, and want to take another opportunity to provide a clearer explanation of these changes.

Previously, a two-person team managed source selection support and industry engagement. To enhance efficiency, we are streamlining our structure by integrating these functions into our larger Contracting Operations (ConOps) team.

This strategic realignment centralizes resources and expertise, enabling us to provide more robust and comprehensive support. This includes the continuation of our quarterly symposiums, Advanced Pre-Briefs to Industry (APBI), industry training on timely topics, and importantly, the continuation of source selection training for our acquisition workforce – all managed by our experienced ConOps team.

Our commitment to actively engaging with industry and maintaining a highly skilled acquisition workforce remains as strong as ever. We value your partnership and look forward to connecting with you at future events.

ABERDEEN PROVING GROUND ADVANCED PLANNING BRIEFING TO INDUSTRY (APBI)

ACC-APG closed out the 2025 Aberdeen Proving Ground Advance Planning Briefing to Industry (APBI) with presentations from Mr. Chris Fisher, Contracting Officer, Digital Capabilities Center of Excellence (DC3oE), and Mr. Michael Gomes, Director of Contracting Operations.

Mr. Fisher provided an overview of the upcoming Open Solicitation in partnership with PEO IEW&S and U.S. Army PEO Enterprise, while Mr. Gomes discussed contracting strategies for the total acquisition lifecycle.

Thank you to all who participated in the event, and for continuing to support our community and our Warfighters!

To help us make future events better, please take a few minutes to fill out the below surveys:

All briefing slides from the event are available on [SAM.gov](#).

BUSINESS OPPORTUNITIES

In order to improve communication with our between ACC-APG and our industry partners, each of our 12 divisions shares updates via SAM.gov for known competitive and fair opportunity acquisition on a quarterly basis.

The posted documents and responses are for informational purposes ONLY, and information is subject to change at any time.

We encourage you to offer your insight on state-of-the art ways for the Army to improve contracting to equip the Army and stand by its mission to deploy, fight, and win our nation's wars.
