

Notice of Intent to Sole Source

The Uniformed Services University of the Health Sciences (USU) is the Nation's federal health sciences university and is committed to excellence in military medicine and public health during peace and war. We provide the Nation with health professionals dedicated to career service in the Department of Defense and the United States Public Health Service and with scientists who serve the common good. We serve the uniformed services and the Nation as an outstanding academic health sciences center with a worldwide perspective for education, research, service, and consultation; we are unique in relating these activities to military medicine, disaster medicine, and military medical readiness. USU is located in Bethesda, MD on the grounds of the Naval Support Activity Bethesda.

The mission of USU is to provide the highest quality education programs in the health sciences to those selected individuals who demonstrate dedication to a health profession career in the Uniformed Services. As such, it is essential USU provide the necessary training and equipment required for our students to become successful doctors and nurses and to be able to provide the best care possible for our soldiers and to support our research efforts.

Intended Recipient: Advanced Solutions Life Sciences, LLC, 1901 Nelson Miller Pkwy, Louisville, Kentucky, 40223-2177

Intent to Sole-Source: USU intends to award a sole-source, firm-fixed-price contract to Advanced Solutions Life Sciences, LLC for a BioStorageBot incubator, safety enclosure, and liquid handling accessories to augment the capabilities of an existing BioAssemblyBot 6-axis bioprinter.

Sole Source Justification: Advanced Solutions Life Sciences, LLC is the only vendor that provides incubator hardware and accessories that can interface with USU's BioAssemblyBot bioprinter. Additionally, purchase of a new research printer would not be feasible. Therefore, no other vendor is reasonably capable of fulfilling USU's requirements.
