5. **Rationale.** Provide an explanation that supports the reason cited in #4.

In accordance with FAR Part 8 Regulation, the GSA Schedule 70 is the mandatory source for Wireless Products and Services. Eastern Oklahoma Osage Agency is already using AT&T for wireless and data service, cell phones, phone numbers, and other wireless equipment. Changing service providers would cause unnecessary disruption to current services and accompanying devices. It is logical to continue using AT&T to avoid cost ineffectiveness. There is no justification to support changing providers.
