MEMORANDUM FOR RECORD

FROM: 149 MSG/MSC

SUBJECT: Exemption to Synopsis – Gov't Blue Fleet F-350 Vehicle Repair– W50S78-25-P-A004

1. The proposed contract action is exempt from the notice required by Federal Acquisition Regulation (FAR) 5.201. The estimated cost for this requirement falls within the range of \$15,000 to \$16,000 and is not anticipated to surpass the Simplified Acquisition Threshold (SAT). The vehicle has been inoperable since 2024. Any further delay in awarding the contract could lead to operational limitations for the maintenance of the 149th Fighter Wing and could incur additional financial burdens due to towing costs and other diagnostic fees. The Government intends to make a direct award to a small business vendor that is actively registered in SAM, citing the authority of 10 U.S.C. 3204(a)(2) IAW 6.302-2 Unusual and Compelling Urgency.
2. The applicable exemption may be found at FAR 5.202(a)(2).
3. Any questions or concerns can be directed to the undersigned by phone at 210-925-7127 or by email at mark.green.23@us.af.mil.
