**Notice of Interest Announcement
Special Notice DARPA-SN-25-69**

**Electrical Power Generation from Microsystem Waste Heat
Defense Advanced Research Projects Agency (DARPA)
Microsystems Technology Office (MTO)**

Posting Date: April 24, 2025

POC: MTO BAA Coordinator

E-mail: DARPA-SN-25-69@darpa.mil

BACKGROUND:

The purpose of this Special Notice (SN) is to provide public notification of additional research areas of interest to the Defense Advanced Research Projects Agency (DARPA) Microsystems Technology Office (MTO).

AREA OF INTEREST INFORMATION:

Microsystems in commercial and defense spaces consume significant amounts of power. This power is transformed into heat and dissipated through the packages and heat rejection systems. DARPA MTO is interested in technologies implementable within microsystem packages capable of corralling this waste heat and reclaiming it as useful electricity. Additional details can be found within the appended slides.

DARPACONNECT:

Entities who have not worked with DARPA before are encouraged to learn more about DARPAConnect, an initiative established to facilitate collaboration between DARPA and potential performers. The DARPAConnect team offers customized support, resources, and guidance on how to prepare ideas for high-impact conversations with DARPA program managers. Please visit DARPAConnect.us to access a digital hub of online resources, including a curriculum for self-paced learning, personalized support, and in-person and virtual events. In addition to the self-paced online materials, the DARPAConnect team is able to schedule one-on-one conversations to discuss specific ideas, questions, and paths to DARPA. Use the contact form at DARPAConnect.us or email the DARPAConnect team directly at darpaconnect@darpa.mil to request assistance.

ADMINISTRATIVE:

All administrative and technical questions should be directed to DARPA-SN-25-69@darpa.mil. Please refer to the Special Notice number (DARPA-SN-25-69) in all correspondence.

This Special Notice is issued solely for information purposes and does not constitute a formal solicitation for proposals or proposal abstracts; any so sent will be disregarded. In accordance with FAR 15.201(e), responses to this Special Notice are not offers and cannot be accepted by the Government to form a binding contract. DARPA will not provide reimbursement for costs incurred in responding to this Special Notice. Respondents are advised that DARPA is under no obligation to acknowledge receipt of the information received or provide feedback to respondents with respect to any information submitted under this Special Notice.

NO CLASSIFIED INFORMATION SHOULD BE INCLUDED IN ANY RESPONSE TO THIS SPECIAL NOTICE.
