

MEMORANDUM TO THE FILE

Subj: DETERMINATION THAT ONLY ONE SOURCE IS REASONABLY AVAILABLE FOR A FAR PART 13 ACQUISITION UNDER THE SIMPLIFIED ACQUISITION THRESHOLD

I. BACKGROUND:

1. FAR 13.106-1(b)(1)(i) states for purchases not exceeding the simplified acquisition threshold, Contracting Officers may solicit from one source if the Contracting Officer determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization).
2. As required by FAR 13.106-3(b)(3)(i), this memorandum explains the absence of competition for this acquisition, as only one source will be solicited for this requirement (or for a portion of the requirement) and the requirement (or portion of the requirement to be sole-sourced) is not expected to exceed the simplified acquisition threshold.

III. THE DETERMINATION FOR USE OF OTHER THAN FULL AND OPEN COMPETITION IS BASED ON THE FOLLOWING *(select all that apply)*:

A. ☒ **ONLY ONE RESPONSIBLE SOURCE** *(select all that apply)*:

1. ☐ **RESTRICTIVE RIGHTS.** The source has established proprietary rights, limited rights in data, patent rights, copyrights or secret processes in the item or service required.
2. ☐ **EXCLUSIVE LICENSING AGREEMENTS.** The item or service is only available from the Original Equipment Manufacturer (OEM), or there is only one authorized distributor or technical representative for the OEM.
3. ☒ **OTHER REASONS.** The existing COMCAST internet lines and services are intrinsically tied to a core command mission set requiring 24x7 access with zero room for shut downs or failures. If there were any interruption (to include shifting to another provider), the command mission would cease to operate and completely shut down a large portion of the Marine Corps Intelligence Activity (MCIA).

B. ____ *BRAND NAME*

Item required must be a brand name, product, or feature of a product, particular to one manufacturer.

C. ____ *URGENT AND COMPELLING*. The supplies or services are of such unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits bids or proposals. Urgent requirements are supplies or services that will result in a work stoppage, or are mission critical and the routine processing time would result in injury to the Government. The determination that the procurement for the above item/service is an urgent and compelling requirement is based on the following:

1. Date on which the requirement was first identified:
2. Required delivery date/period of performance:
3. Explanation of why delivery/commencement of services by the date mentioned above is required:
