DESCRIPTION

Pre-Solicitation Notice

This is NOT a request for quote or proposal.

The Department of Veterans Affairs, Veterans Health Administration, Network Contracting Office 4 (NCO4) intends to award a sole source contract for Healthcare for Homeless Veterans (HCHV) program services to support the VA Pittsburgh Healthcare System.

The goal of the Healthcare for Homeless Veterans (HCHV) program is to remove homeless Veterans from the street or habitation unfit for Veterans and place them in community-based, residential environments with sufficient therapeutic services to meet the needs of those Veterans. Through the HCHV program, The Department of Veterans Affairs (VA) provides case management services to Veterans and facilitates their access to a broad range of medical, mental health, and rehabilitative services. VA Pittsburgh Healthcare System (VAPHS) needs to acquire care, treatment, and rehabilitative services for Veterans suffering from serious mental illness, including Veterans who are homeless, in community-based treatment facilities offering a safe and secure environment that supports their rehabilitation goals. The Contractor will be required to provide therapeutic and rehabilitative services but will not be required to provide detoxification or other hospital-level treatment – those services will be provided by the VA at VA facilities.

The VAMC will award a five-year Indefinite Delivery / Indefinite Quantity (IDIQ) to begin on or about 08/01/2025.

Questions concerning this announcement should be directed to the Contract Specialist using the e-mail link provided no later than May 15, 2025.
