

Sole Source Justification Under the Authority of the FAR 13.5 Simplified Procedures for Certain Commercial Items 41 U.S.C. 1901

Justification for Other Than Full and Open Competition FAR 13.501

Authority: (41 U.S.C. 1901)	
Project/Program Name: Maintenance, Repair, Parts & Training of Wing Inflatables, Inc. Combat Rubber Raiding Craft (CRRC) Component/PEO/Other: COMNAVSPECWARCOM Estimated Contract Cost (including options): \$1,995,000.00. Type: (Individual ☒ or Class ☐)	JA No. 25-4019
1. Agency and Contracting Activity: (FAR 6.303-2(b)(1))	
Agency: USSOCOM Contracting Activity: COMNAVSPECWARCOM 2000 Trident Way, Bldg. 624 San Diego CA 92115-5599	
2. Description of Action: (FAR 6.303-2(b)(2))	
Approval is requested for a 5-year Indefinite Delivery Indefinite Quantity (IDIQ) contract with Firm Fixed Price line items on a sole source basis to Wing Inflatables, Inc. (CAGE 1GTC0) for Maintenance, Repair, Parts & Training of Wing Inflatables, Inc. CRRC. The contract will be funded at the Task Order level with Operations and Maintenance (O&M) funding applicable to the fiscal year in which orders are issued.	
3. Description of Supplies/Services: (FAR 6.303-2(b)(3))	
Naval Special Warfare (NSW) utilizes the Wing Inflatables, Inc. CRRC for operations across a multi-spectrum of environments and mission profiles. To maintain the unique capabilities of the CRRC, the components require regular maintenance, repair, and training to sustain performance and deployable characteristics of the associated equipment. Requirement includes service, parts and training to support NSW from Wing certified repair personnel.	

4. Authority Cited: (FAR 6.303-2(b)(4))

This sole source acquisition is being conducted under the authority of the simplified acquisition procedures for certain commercial items at 41 U.S.C. 1901, as implemented by FAR 13.501(a).

5. Reason for Authority Cited: (FAR 6.303-2(b)(5))

Wing Inflatables Inc. is the Original Equipment Manufacturer (OEM) of the CRRC. In order to sustain craft life and minimize craft downtime, it is critical that the OEM conduct/provide the required maintenance, repair, parts & training utilizing Wing certified personnel and Wing parts to ensure the safety of operators, maintainers, and certifications for aircraft and submarine deployment requirements. Wing certified personnel conduct all required maintenance, repair and training for their proprietary equipment. The introduction of any unauthorized service providers poses unacceptable risk to the equipment and personnel. Additionally, the OEM parts are the only parts made to the necessary dimensions, are off-gas certified for submarine atmospheric controls, and aircraft transport and deployments. These certifications are required by USAF and USN requirements. Substitution of non-OEM parts also poses unacceptable risk to the equipment and personnel.

6. Efforts/Actions to Increase Competition: (FAR 6.303-2(b)(6))

☒ A presolicitation notice will be publicized as required by FAR 5.2.

It is not practical to purchase data rights for these craft. Additionally, even if the Government owned the data rights, it would still require Wing Inflatables, Inc. support for their unique technical expertise in maintenance repair and training.

7. Market Research: (FAR 6.303-2(b)(8))

As the OEM, Wing Inflatables Inc. is the only vendor authorized to provide the required maintenance, repair, parts & training of Wing Inflatables, Inc. proprietary equipment.

Procuring a new system would result in significant duplication of costs unlikely to be recovered through competition. Doing so would waste government funds before the planned life cycle of existing systems and cause unacceptable operational disruptions. When it becomes time to plan for replacement of the CRRC as the system reaches the end of its life cycle, the Government will consider ways to remove any barriers in the future requirement and thereby maximize competition.

The Technical Industrial Liaison Office (TILO) database was reviewed and no contracts for similar services were found.

In accordance with DFARS PGI 206.302-1(d), a sources sought notice was publicized. No responses were received.

8. Interested Sources: (FAR 6.303-2(b)(10)&(11))

Wing Inflatables, Inc. (CAGE: 1GTC0)
1220 5th Street
Arcata, CA 95521-6155

9. Other Authorities/Factors: (FAR 6.303-2(b)(9))

None.

10. Technical and Requirements Certification:

I certify that the supporting data under my cognizance which are included in the justification are accurate and complete to the best of my knowledge and belief:

NAME:

[REDACTED]

TITLE: WARCOM Commodity Mgr

SIGNATURE:

[REDACTED]

DATE: 04/15/2025

11. Fair and Reasonable Cost Determination: (FAR 6.303-2(b)(7))

I hereby determine that the anticipated cost or price to the Government for this contract action will be fair and reasonable based on analysis conducted in accordance with FAR 13.106. Certified cost or pricing data will not be required per FAR 15.403-4(a)(1).

CONTRACTING OFFICER SIGNATURE IN SECTION 12 BELOW ALSO SERVES AS THE PRICE FAIR AND REASONABLENESS DETERMINATION IN THIS SECTION.

12. Contracting Officer Certification:

I hereby certify that this Justification is complete and accurate to the best of my knowledge and belief.

NAME: Kelly L. McNeill

TITLE: Contracting Officer

SIGNATURE:
