☐ Yes

☒ No

Contracting Activity:

Project/Program Name: Ghoul-Tool Attachable Transmitter (GAT)

Purchase Request / Local ID Number:

Estimated Contract Cost (including Options):

Section B: Description of the Supplies/Services Required

Needing a low power transmitter designed to intergere with communication and GPS links used by commercial drones at short tactical engagement ranges. Need the ability to mount to the standard NATO rail, as well as have an alternative option such as a dedicated pistol grip. Tool must be able to jam most common GPS bands (2.4 GHz and 5.8GHz). Tool must have an effective range of at least 300M.

Section C: Justification for Soliciting from a Single Source or Brand Name

No other piece of equipment with the ability to jam drones non-kinetically can meet the handheld specifics with the ability to mount to a standard NATO rail.

Section D: Efforts to Obtain Competition

Market research did not produce any other equipment meeting the above specifications.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Conducting a market survey to determine potential future sources.

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
