

**JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION
NATIONAL NUCLEAR SECURITY ADMINISTRATION
SIMPLIFIED**

Jeppesen Navigation Data

13 January 2025

I. AGENCY IDENTITY AND CONTRACTING ACTIVITY

This action is being taken by the Department of Energy/National Nuclear Security Administration (DOE/NNSA) Office of Secure Transportation (OST) Aviation Operations Division (AOD). The contracting activity is the NNSA Contracting Operations Division, Program Support Acquisition Branch (NA-PAS-315).

II. NATURE AND/OR DESCRIPTION OF THE ACTION BEING APPROVED

This document sets forth the justification and approval to issue a sole source award in accordance with FAR 13.501(a) and 41 U.S.C. 1901. The Government will issue the award as a firm fixed price contract to Boeing Digital Solutions, Inc., dba Jeppesen Services, 55 Inverness Dr. E, Englewood, Colorado 80112-5415. The action will procure NavData Services to include Integrated Systems and Solutions (IS&S), Multi-Function Display Electronic Chart, General Electric (GE), NavData, and OpsData – Aircraft Performance Data all of which, are proprietary owner of the products and services by Jeppesen.

III. DESCRIPTION OF SUPPLIES AND/OR SERVICES

OST/AOD intends to procure aircraft flight navigation systems specifically developed by Boeing Digital Solutions, Inc., using Jeppesen's proprietary NavData and NavData Services. The system was developed to meet the need for current aviation information in a computer compatible form required for (i) air navigation equipment used under instrument and visual flight conditions, and (ii) computerized flight planning applications.

AOD utilizes the aircraft flight navigation system in the B-737 that requires a tailored Jeppesen's NavData Base. The flight navigation system was delivered with this database and requires a subscription service for updates on new airfields, nav aids, approaches, departures and obstacles.

NNSA intends to procure the NavData Services as a 5 year (Multi-year) contract (FY25 – FY30). The total estimated value of this acquisition is [REDACTED]

IV. AUTHORITY

Issuance of a sole source award is authorized in accordance with FAR 13.501(a) and 41 U.S.C. 1901(a)(2).

41 U.S. Code § 3304 “...(a)**WHEN NONCOMPETITIVE PROCEDURES MAY BE USED.** —An executive agency may use procedures other than competitive procedures only when— (1) the property or services needed by the executive agency are available from only one responsible source and no other type of property or services will satisfy the needs of the executive agency.

V. APPLICATION OF AUTHORITY

Boeing Digital Solutions, Inc., dba Jeppesen Services is the only source that can provide the aircraft flight navigation systems required by the OST AOD for the B-737. Boeing is the manufacturer of the B-737 aircraft and Boeing Digital Solutions Inc., dba Jeppesen Services owns the proprietary NavData and NavData Service and other associated products and services.

The aircraft's aeronautical charts were customized to meet the needs of OST making it a unique supply item that is available only from the original manufacturer.

In addition, the Jeppesen NavData product has been approved by the FAA by acceptance and issuance of the Special Type Certificate for AOD's Avionics modification on OST's B-737 aircraft.

VI. EFFORTS TO IDENTIFY ADDITIONAL SOURCES

No other entity can provide the proprietary system. Boeing Digital Solutions, Inc., dba Jeppesen Services does not partner with any small businesses for resale of the proprietary system.

The above-described information constitutes a synopsis of the proposed contract action and satisfies the requirements of FAR 5.201(b)(1)(i).

VII. DETERMINATION OF REASONABLENESS OF COST OR PRICE

Prior to award, the Contracting Officer will determine that prices paid are fair and reasonable in accordance with FAR 13.106-3(a)(2). Notably, the Contracting Officer will be able to determine that prices paid are fair and reasonable by comparing quoted prices to commercially available price lists and the independent Government estimate.

VIII. MARKET RESEARCH

Market Research was conducted in accordance with FAR 10.001(a)(2). Navigation Databases for the GE Aerospace FMS are currently available from three data suppliers. Jeppesen in Colorado, Lufthansa in Switzerland, and Nav Blue Limited in UK of which, the site located in Colorado is used due to site security and ease of use based on location. The IS&S system is installed in a few aircraft and only Jeppesen is the sole responsible source, and no other supplies or services will satisfy the Government's requirement.

IX. OTHER FACTS

Not Applicable.

X. INTERESTED SOURCES

None

XI. STEPS TO FOSTER COMPETITION

NNSA/OST maintains a commitment to ensuring competition when practicable, and prior to making future procurement decisions related to this requirement, the program will continue to monitor and assess the state of the market in an attempt to identify other capable, responsible sources.

XII. CERTIFICATIONS

Acquisition Initiator/Technical Representative:

I certify that the facts and representations under my cognizance, which are included in this justification, and which form a basis for this justification, are complete and accurate.

COR/PM

Date

Contracting Officer:

I certify that this justification is accurate and complete to the best of my knowledge and belief.

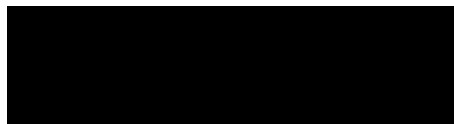

Brenda R. Hamilton

Date

Competition Advocate:

I have reviewed this justification and find it to be accurate and complete to the best of my knowledge and belief. Since this justification does not exceed \$15M, this review serves as approval.
