

STATEMENT OF WORK

2014 FORD F-150 SKIDCAR CONVERSATION KIT PURCHASE

1. SUMMARY OF WORK:

The contractor shall provide material components and technical assistance to convert the Ford F-350 SkidCar System for use with a 2014 Ford F-150. It is manufactured by Cedergrens Mek and SkidCar Systems Inc. is the sole-course for North America.

2. Characteristics:

2.1 Conversion Kit:

- 2.1.1 Manufacturer: Cedergrens Mek
- 2.1.2 Model: SkidCar Type B
- 2.1.3 Type: 2014 Ford F-150

3. Execution:

3.1 The Contractor shall provide the material components needed to convert the current SkidCar system for use from a 2008 Ford F-350 to a 2014 Ford F-150. Provide phone and technical support for troubleshooting during installation. Shipping costs to Malmstrom AFB will be included in the price quote.

4. Work Scope:

4.1 Qualification:

4.1.1 Installation work shall be performed by trained DAF personnel. SkidCar Systems INC. will provide technical support during installation and initial use testing.

4.2 Installation:

- 4.2.1 Installation will be conducted by DAF personnel.
- 4.2.2 Technical support during installation will be provided via telephone, email, or other video conferencing software as appropriate.

4.3 Delivery to Malmstrom AFB SkidCar Support Building.

- 4.3.1. Delivery address: Building 450. 7824 Flightline Drive, Malmstrom AFB MT, 59402.
- 4.3.2. Delivery date will be provided (5) five business days prior to delivery date.

4.3.3. Delivery support for offloading will be requested (5) five business days prior to delivery date.

5. Government Responsibilities:

5.1 Government shall be responsible for installation of the material components.

5.2 Government shall be responsible for delivery offloading support as needed.

6. Period of Performance:

6.1 Period of performance will be 140 days from contract award.

7. Parts List – Place Holder while I wait for the list from SkidCar.
