

DEPARTMENT OF VETERANS AFFAIRS

**Justification for Single Source Awards IAW [FAR 13.106-1](#)
For
Over Micro-Purchase Threshold but Not Exceeding the SAT (\$250K)**

Acquisition Plan Action ID: 36C257-25-AP-2000

JOFOC Tracker Number: FY25 - NCO 17 - 938

1. Contracting Activity:

Department of Veterans Affairs, Regional Procurement Office West, Network Contracting Office (NCO 17) on behalf of the Central Texas Veterans Healthcare System (CTVHCS), Doris Miller VA Medical Center 4800 Memorial Dr. Waco, TX 76711, proposes to enter into a contract on the basis of other than full and open competition to provide labor and materials for the emergency construction services for roof and stairwell repairs.

2. Brief Description of Supplies/ Services required and the intended use/Estimated Amount:

Work performed will be performed at the Doris Miller VA Medical Center at the address listed in number 1 above. The contractor shall be responsible for providing labor, materials and equipment for the construction services required for roof and stairwell repairs located at building 94.

3. Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:

The emergency contract being proposed is for urgent repairs to the roof, stairwell, and patient room 2A106 in Building 94. A hole in the roof above patient room 2A106 and the stairwell is allowing water into the building, causing damage to the rafters and infiltrating the ceiling and walls of these areas. This ongoing leak is not only reducing the unit's ability to house patients but also poses a potential health risk to occupants due to possible biological or infectious harm. Failure to address this issue promptly will result in the problem spreading to other parts of the building, jeopardizing its structural integrity and the safety of both patients and staff. Immediate action is necessary to prevent further damage and ensure the well-being of all individuals within the facility.

Due to this unusual and compelling urgency (FAR 6.302-2) affecting patient and employee safety, we needed to find a local contractor to complete the emergency requirement.

4. Description of market research conducted and results or statement why it was not conducted:

Market research was conducted immediately through SBA quick market search, and the local COR. The market research shows there were multiple SDVOSB options in Texas. However, we needed a local contractor who can respond immediately. Market research showed there were Service Disable veteran owned small businesses (SDVOSB) in the area that could complete the repairs. We reached out to one of them and the identified company could respond immediately to the emergency requirement. It is in the best interest of the Government to take immediate action and award to the identified SDVOSB.

VHAPG Part 813.106 Simplified Acquisition Procedures: Soliciting from a Single Source
Attachment 1: Single Source Justification for SAP under the SAT

5. **Contracting Officer's Certification:** Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.
