

B.O.L.T. Construction Industry Days Announcement

Edwards Air Force Base is hosting the first **Bridging Opportunities & Leveraging Talent (B.O.L.T.) Construction Industry Days** on April 08-09, 2025. The purpose of Industry Days is to educate our construction industry partners on doing business with Edwards AFB, enhance potential offerors' understanding of Edwards AFB's mission, and educate on the Government's requirements for various projects related to construction to support Edwards AFB with anticipated execution in fiscal year 2025 and beyond.

The Government intends to have only Distribution A sessions. However, the Government reserves the right to hold sessions more restrictive than Distribution A. Restrictive sessions will require proper validation by the Government prior to attending that session.

The anticipated event structure is a high overview of specific projects, topics for doing business with the Government and specific mission areas, opportunities for networking, and public capability briefings (based on Government selection).
