DESCRIPTION

The Department of Veterans Affairs Michael E. DeBakey VA Medical Center (MEDVAMC) Network Contracting Office (NCO) 16 intends to issue and award a Sole Source one-time single award Firm-Fixed Price type contract to Spectrum Medical, located at 481 Munn Road, Suite 180 Fort Mill, SC 29715 for supplies listed below. It has been determined that through initial Market Research, only 1 (one) responsible source can provide the required items as identified below, in accordance with Federal Acquisition Regulation (FAR) 6.302-1 "Only one responsible source and no other supplies or services will satisfy agency requirements".

SCOPE:

The Michael E. DeBakey VA Medical Center (MEDVAMC) Cardiothoracic Surgery Perfusionists are requesting to purchase 2 Quantum perfusion Systems, aka ECMO. This equipment is a lifesaving modality that may be used as a last resort to help a failing heart and/or lungs. Patients who are candidate for this technology often do not have any other avenue to help them recover. We have utilized this technology to help save several patients' lives including COVID patients. CARDIOHELP is the current equipment in use, but the FDA has deemed it unsafe, so it needs to be replaced.
