

Solicitation Number: W91YTZ25QR039

Control Number: 25-MRCO-EAST-95

Sole Source Justification

for Actions under the Simplified Acquisition Threshold
(Simplified Acquisition Threshold is \$250K)

1. Contracting Activity:

Medical Readiness Contracting Office – East (MRCO-E)
Detrick Health Contracting Branch
9275 Doerr Road, Building 1221
Fort Belvoir, VA 22060

2. Description of Action:

- Requirement: ☒ New ☐ Repeat
- Type of Contract: ☒ Firm-Fixed Price ☐ Time & Material
- Funds: ☐ OMA ☒ Other Funds: _____ DHA _____ Total Dollar Value: _____

Name of Intended Contractor: **Reese Scientific Corporation**

Street Address: _____

City, State, Zip: _____

Phone: _____

Required delivery date or period of performance: 30 days from date of award.

3. Description of Supplies/Services: The Blanchfield Army Community Hospital's (BACH) has a requirement for a wireless temperature monitoring system upgrade with government owned Rees Scientific Temperature Sensitive Medical Product (TSMP) Monitoring System

Controlled by: USAHCA

Controlled by: MRCO-E

CUI Category: SP-PROCURE

Limited Dissemination Control: FEDCON

POC: Justin Balster, justin.balster2.civ@health.mil

Solicitation Number: W91Y TZ25QR039

Control Number: 25-MRCO-EAST-95

4. Authority Cited:

☒ (a) **FAR 13.106-1(b)(1)(i)**: Only one source reasonably available (e.g., urgency, exclusive licensing agreement, brand name or industrial mobilization); OR

☐ (b) **FAR 13.106-1(b)(1)(ii)**: Only one source can provide a portion of the purchase that is a particular brand-name item; OR

☐ (c) **FAR 8.405-6(a)(1)(i)(A)**: An urgent and compelling need exists, and following the procedures would result in unacceptable delays; OR

☐ (d) **FAR 8.405-6(a)(1)(i)(B)**: Only one source is capable of providing the supplies or services required at the level of quality required because the supplies or services are unique or highly specialized; OR

☐ (e) **FAR 8.405-6(a)(1)(i)(C)**: In the interest of economy and efficiency, the new work is a logical follow-on to an original Federal Supply Schedule order provided that the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. The original order or BPA must not have been previously issued under sole-source or limited-sources procedures.

5. Reason for Authority Cited: The current TSMP Monitoring System in place at BACH is proprietary to Rees Scientific and is the only manufacturer that meets all Department of Defense (DoD) and Defense Health Agency (DHA) Information Security Requirements for net worthiness. The TSMP system requires upgrades to remain compliant with current College of American Pathologist (CAP) Standards and COM.30250 Reagent Storage and Handling standards requiring daily monitoring. Upgrades to the TSMP is required to add a temperature alarm sensors system. Rees Scientific is the only company capable and authorized to provide annual, and as needed, validation, calibration and support for the Rees Scientific system. There are no other authorized vendors, distributors or installers for the system. Failure to procure these sensors would violate CAP standards and cause the lab to shut down. Procuring another TSMP system that is fully compliant with DoD/DHA requirements would be significantly higher than procuring the proposed additions. This is a one-time procurement and there are no option periods.

6. Actions to Increase Competition: There are no practical alternatives available to increase competition for this requirement, based on the reasons stated in paragraph 5 above. The government will continue to conduct market research for any TSMP solutions to increase competition. This justification will be posted to SAM.Gov for industry input and as part of the continued market research.

Solicitation Number: W91YTZ25QR039

Control Number: 25-MRCO-EAST-95

7. Market Survey: Market Research was conducted using Google, GSA, PCF and SAM. The requirement was not available through GSA. Due to proprietary reasons as stated in paragraph 5, there is only one responsible source for the TSMP upgrades and it is the sole distributor. Based on this, the government will award a sole source contract to Rees Scientific.

8. Procurement History:

- Previous Contract or Purchase Order Number: ☐ Yes or ☒ No
- Previously competed? ☒ N/A ☐ No ☐ Yes
- Previous authority for less than Full & Open Competition: N/A

9. Technical / Requirements Certification: I certify that the support data under my cognizance which are included in this sole source determination are accurate and complete to the best of my knowledge and belief.

I certify this product/service is not available using mandatory sources.

10. Contracting Officer Certification and Approval: I certify that this justification is accurate and complete to the best of my knowledge and belief. I have determined that the anticipated cost to the Government for this contract action will be fair and reasonable. Fair and Reasonable determination will be based on historical prices and the Independent Government Estimate. Certified cost or pricing data is not required per FAR 15.403-1(b) (3), because the items are commercial in nature.
