

PRE-SOLICITATION NOTICE:

The National Park Service, Contracting Operations Central, intends to issue a Request for Quote for Exterior Painting of the Visitor Center at Ulysses S. Grant National Historic Site in St. Louis, MO.

Work will consist of providing all labor, materials, tools and other equipment necessary to prep and paint the park's Visitor Center (VC) exterior. The VC exterior was partially painted in 2014 and is now at the end of its life cycle. The remainder of the visitor center - particularly the top quarter and cupola portion of the building - has not been painted since its inception in 2004. This project will paint 100% of the exterior, including the cupola that is approximately 60 feet high. There will be approximately 8,000 square feet of hardie plank siding prepped and painted along with 6 exterior doors and 320 linear feet of metal gutters.
