Unique Qualifications:

Cequel Communications LLC, has provided cable service to Beckley VA Medical Center and is the current service provider. The cable lines are all owned by Cequel Communications LLC, and they are the only carrier of landline services for the entire city of Beckley. The Beckley VAMC is in a rural geographic location that limits cable and internet providers who are not allowed to install any equipment to the building such as satellites therefore further limiting our pool of qualified vendors. There are no other companies in this surrounding area that can provide cable services.
