

**STATEMENT OF WORK
FOR
Cable Television for PATIENT USE ONLY**

**Beckley VA Medical Center
200 Veterans Avenue
Beckley, WV 25801**

A. GENERAL REQUIREMENTS

1. Provide cable television services for patient use televisions.

B. SPECIFIC REQUIREMENTS

1. Contractor shall provide limited basic and expanded basic cable television services for approximately 150 locations through-out the Beckley VA Medical Center.
2. The contract price includes all applicable Federal, State, and local taxes and duties.
3. All internal repairs to cable will be made by BioMed Beckley VAMC employees.
4. If a service request must be made, only the Contracting Officer Representative (COR) or Chief of Facilities has the authority to request a service call. If a service is requested by someone other than the COR or Chief, the unauthorized service will not be paid.
5. The Beckley VA will not be charged for any external repairs made for cable television services and/or any upgrades.
6. TV/Cable services are needed for approximately 150 TV drop locations with the ability to incorporate additional TV drops in the future at the medical center. The drops are in the following places:
 - a. Building 1 (approx. 136 total)
 - b. Building 2 (1 total)
 - c. Building 3 (1 total)
 - d. Building 4 (1 total)
 - e. Building 5 (1 total)
 - f. Building 6 (1 total)
 - g. Building 7 (2 total)
 - h. Building 8 (0 total)
 - i. Building 14/15 (1 total)
 - j. Building 35 (3 total)

C. Information about the Beckley VAMC:

1. The Beckley VAMC does not have fiber optic cable and we are unable to run fiber optic as fiber optic is not available in this general vicinity.

2. Our current head-end is a COMS 300 headend. We have amplifiers placed in areas for signal control.
3. We are not allowed to have satellite receivers mounted on the buildings. Our main cable service begins in our basement as stated above and is amplified and fed to other areas of the facility.
4. We are looking for cable TV service for 150 TV drops, please see the channel list below for what specific channels are needed.
