

SINGLE SOURCE JUSTIFICATION NOT EXCEEDING THE SIMPLIFIED ACQUISITION THRESHOLD

SECTION 1: IDENTIFICATION OF THE AGENCY AND THE CONTRACTING ACTIVITY

**Department of State
Contracting Activity**

☒ Overseas Post Muscat

Requiring Activity

Office of Facility Management in the Management Section

SECTION 2: NATURE AND/OR DESCRIPTION OF THE ACTION BEING APPROVED

Approval is requested to award on a sole source basis to Airmech Oman LLC for the supplies and/or services described in Section 3 on behalf of the Requiring Activity.

SECTION 3: DESCRIPTION OF SUPPLIES/SERVICES REQUIRED TO MEET THE AGENCY'S NEEDS

The requirement is to provide preventive maintenance services for Air Handler Units (AHUs) and appurtenant Variable Frequency Drives (VFDs) at Embassy Muscat in the Sultanate of Oman. [REDACTED]
[REDACTED]. These supplies/services require that the Embassy Compound be visited quarterly by a team of two technicians who will inspect, clean, and adjust the Embassy's AHUs and VFDs. This will allow the Office of Facility Management to maintain filtered, conditioned air inside of the Embassy's buildings and enable diplomatic operations.

SECTION 4: IDENTIFICATION OF THE STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION

In accordance with Federal Acquisition Regulation (FAR) 13.106-1(b)(1), the Contracting Officer has deemed only one source reasonably available based on the following:

☒ Other Only one responsible source and no other supplies or services will satisfy the requirements.

SECTION 5: DEMONSTRATION THAT THE PROPOSED CONTRACTOR'S UNIQUE QUALIFICATIONS OR THE NATURE OF THE ACQUISITION REQUIRES USE OF THE AUTHORITY CITED

Airmech Oman LLC is the only authorized Trane vendor in Oman. Thus, Airmech has the only Trane certified technicians; access to Trane's latest maintenance alerts; and ability to procure genuine Trane parts.

The Chancery's AHUs, VFDs, and main Chiller Plant are all manufactured by Trane and controlled by Trane controllers. The Trane air conditioning equipment cools the Embassy, provides fresh air into the buildings, and cools critical communications and electrical equipment.

Only Trane certified technicians should be utilized in a preventive maintenance contract as they are most likely to successfully perform the work, add value to the work being conducted by in-house forces, and avoid breaking the equipment.

SECTION 6. DETERMINATION BY THE CONTRACTING OFFICER THAT THE ANTICIPATED COST TO THE GOVERNMENT IS FAIR AND REASONABLE

By signing the justification, the Contracting Officer makes a determination that the price to the Government is anticipated to be fair and reasonable.

SECTION 7. CERTIFICATIONS

All reviews and approvals should be completed in the order listed unless otherwise authorized or required.

REQUIREMENTS CERTIFICATION

I certify that the facts and representations under my cognizance which are included in this Justification and its supporting acquisition planning documents, except as noted herein, are complete and accurate to the best of my knowledge and belief.
