

ABERDEEN PROVING GROUND ADVANCED PLANNING BRIEFING TO INDUSTRY (APBI)

**U.S. Army Combat Capabilities Development Command
(DEVCOM) C5ISR Center**

MR. CHUCK HOPPE
ASSOCIATE DIRECTOR, SCIENCE &
TECHNOLOGY & ENGINEERING

22 April 2025

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

ENGINEERING AND SYSTEMS INTEGRATION (ESI) DIRECTORATE

LAB AND FIELD-BASED EXPERIMENTATION AND LIFECYCLE ENGINEERING

- Brings together the full lifecycle of efforts within a related portfolio area.
- This synergy, which runs from basic research through technology maturation and post-production support, provides an improved systems engineering perspective earlier in the research phase of capability development.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

ESI - FY25 APBI UPDATE SINCE FY24 APBI

TOTAL ACTIONS BRIEFED FY23 APBI: 6

RFPs RELEASED: 4

ACTIONS AWARDED: 4

STRATEGY CHANGES:

– N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

FIELD, LAB, AND AIR INTEGRATION/ EXPERIMENTATION/ MODELING/ SIMULATION/ ANALYSIS AND RISK REDUCTION (FLAIR)

DESCRIPTION: The FLAIR Contract supports the creation of the infrastructure and environment to conduct field experimentation, lab-based risk reduction activities, prototype integration, modeling and simulation, architecture development, data collection, reduction, and analysis. It also provides system integration and engineering support along with assistance in all levels of civil, electronic, and mechanical engineering, design, development and prototype implementation, hardware and firmware prototyping, all facets of training, platform maintenance, flight and ground operations, deployment and integrated logistics.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF and RS3 Task Order

ESTIMATED VALUE: \$625M-\$650M

CONTRACTING CONTACT: ACC-APG Division A, KO: Gregg Martin, Gregg.g.martin.civ@army.mil

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: RS3-24-0007

ESTIMATED SOLICITATION RELEASE DATE: 2QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-19-D-0157 / W56KGU20F0012 & W15P7T-19-D-0157/ W56KGU21F0013

Incumbent Contractor: CACI

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

CYBER SECURITY TECHNOLOGY RESEARCH OPERATIONS AND NETWORKS (CYBERTRON)

DESCRIPTION: This effort provides R&D, proof of concept, test, evaluation, integration, validation, mission assurance and resilience, demonstration of cryptographic technologies, communications security, transmission security, wireless personal area networks, tactical network protection, key management, cyber security, risk assessment, certification and accreditation, and information assurance.

CONTRACT TYPE AND CONTRACT VEHICLE: CPFF/T&M, GSA Alliant, ASTRO or OASIS+

ESTIMATED VALUE: \$800M-\$825M

CONTRACTING CONTACT: GSA APEX Army; Nina DiPlacido, nina.diplacido@gsa.gov, phone: (215) 713-5320

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: 47QTCK18D0009/47QFWA20F0011

Incumbent Contractor: CACI Federal Inc.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

DEFENSIVE CYBER SOLUTIONS BRANCH PLANS AND PROGRAMS SUSTAINMENT

DESCRIPTION: Effort provides program management office support services and sustainment capabilities. These services require independent and objective oversight and ongoing evaluation of provisioned cybersecurity services provided to subscribers, alignment of new subscribers, invoicing of subscribers, monetary and budget tracking, management of products, processes and workforce, and the management of the assessment process.

CONTRACT TYPE AND CONTRACT VEHICLE: CPFF and RS3 Task Order

ESTIMATED VALUE: \$150M-\$175M

CONTRACTING CONTACT: ACC-APG Division A, KO: Nina Bushnell, nina.m.Bushnell.civ@army.mil , (520) 671-4389

DRAFT SOLICITATION RELEASE: N/A

SOLICITATION #: RS3-24-0062

ESTIMATED SOLICITATION RELEASE DATE: February 2025

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-17-D-0139/W56KGU-20-F-0014

Incumbent Contractor: Universal Technical Resource Services, Inc.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

ESI OPERATIONS SUPPORT 4

DESCRIPTION: Provide the requisite program management, administrative support, property management, security, environmental and safety and technical support necessary for the B&O Portfolio to meet its mission and customer needs.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/IDIQ

ESTIMATED VALUE: \$200M - \$215M

CONTRACTING CONTACT: ACC-APG, KO – Mr. Nick Martin, (410) 935-4947, nicolas.a.martin2.civ@army.mil

DRAFT SOLICITATION RELEASE: 1QFY25

SOLICITATION #: W56KGU-24-R-0072

ESTIMATED SOLICITATION RELEASE DATE: 2QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W56KGU-19-D-0010

Incumbent Contractor: Semper Valens Solutions, Inc.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

SYSTEMS ENGINEERING AND TECHNICAL ASSISTANCE

DESCRIPTION: C5ISR Center Exploitation, Analysis, and Response (EA&R) Division requires Systems Engineering and Technical Assistance (SETA) type services which includes support in areas of administration, technical writing, program analytics, data administration, logistics, procurement, information technology, information assurance, strategy development, and project engineering. Additional services include: information exchanges, training, and program management support services in order to develop material and non-material solutions to detect, counter, and defeat principally commercial based electronic materials and communications technology associated with Uncrewed Systems (UxS).

CONTRACT TYPE and CONTRACT VEHICLE: CPFF, RS3 Task Order

ESTIMATED VALUE: \$120M - \$125M

CONTRACTING CONTACT: ACC-APG Division A, KO TBD

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION:)

Contract Number: N/A

Incumbent Contractor: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

CAPABILITIES SUPPORT FOR READINESS ENGINEERING

DESCRIPTION: Engineering, technical, and quality assurance support to Readiness Engineering/Fielded Systems Engineering portfolio. This includes but is not limited to production/manufacturing and sustainment engineering, testing, and product quality assurance efforts for various Communications-Electronics (C-E), Intelligence Warfare (IW), Sensors, and Intelligence Operations (IO) weapon systems and associated equipment. This contract shall also procure engineering, technical, budget, and administrative services for product prototype development and fabrication necessary to support and execute the C5ISR Center's Mission and its Federal and non-Federal Government partners through individual tasks.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF and RS3 Task Order

ESTIMATED VALUE: \$100M - \$110M

CONTRACTING CONTACT: ACC-APG Division A; KO TBD

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-19-D-0026/W56KGY-21-F-0209

Incumbent Contractor: Envision Innovative Solutions

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

SITUATIONAL AND TACTICAL AWARENESS TECHNOLOGIES SUPPORT (STATS)

DESCRIPTION: The scope of the effort is to acquire comprehensive systems engineering services to develop, assess, enhance, and integrate related software and hardware technologies, integrating them through the Tactical Assault Kit (TAK) user interface, and applying iterative development and field experimentation.

CONTRACT TYPE and CONTRACT VEHICLE: GSA ASTRO

ESTIMATED VALUE: \$625M - \$650M

CONTRACTING CONTACT: GSA FEDSIM; KO

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: 47QFCA22D0035 / 47QFMA24F0028

Incumbent Contractor: Wintec Arrowmaker

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

COMMAND AND CONTROL SUPPORT

DESCRIPTION: This effort will help develop and sustain innovative command and control software that enables the Force to have decision dominance over adversaries and target enemies faster than they can engage our forces.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF and RS3 Task Order

ESTIMATED VALUE: \$300M - \$500M

CONTRACTING CONTACT: ACC-APG Division A; KO TBD

DRAFT SOLICITATION RELEASE: 3QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 4QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: N/A

Incumbent Contractor: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

C5ISR CENTER ESI DIRECTORATE BROAD AGENCY ANNOUNCEMENT (BAA)

DESCRIPTION: BAA for solicitation of innovative science and technology (S&T) proposals that address the technical portfolio areas of the ESI directorate to develop and integrate command, control, communications, computers, cyber, intelligence, surveillance and reconnaissance (C5ISR) technologies.

CONTRACT TYPE and CONTRACT VEHICLE: Hybrid BAA combining elements of an open, two-step, and with calls for White Paper (WP). Potential awards may take the form of FAR-based instrument or Non-FAR based instrument (Other Transaction Agreement)

ESTIMATED VALUE: Award value may vary by individual contract or OTA

CONTRACTING CONTACT: ACC-APG, Division A; KO will be assigned to each respective action

SOLICITATION #: W56KGU-23-R-ESID

SOLICITATION DATE: Proposal acceptance through 01 November 2027

CALL FOR WHITE PAPERS – None active or projected currently

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

RESEARCH AND TECHNOLOGY INTEGRATION (RTI) DIRECTORATE

ALL PORTFOLIOS DELIVERING SCIENCE & TECHNOLOGY

Prioritizes S&T programs that are:

- Innovative.
- Relevant to what the customer needs.
- Structured to produce outputs that we can give to Soldiers for experimentation.
- Designed to produce technologies - through industry partners - that our acquisition partners can take into further development.

FY24 APBI UPDATE SINCE FY23 APBI

TOTAL ACTIONS BRIEFED FY24 APBI: 10

RFPs RELEASED: 15

ACTIONS AWARDED: 12

STRATEGY CHANGES:

– NSTR

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

EW SUPPORT FOR AIR GROUND INTEGRATED SYSTEMS & ENGINEERING (EWSAGISE)

DESCRIPTION: Research and development, engineering services, technology integration development, modeling and simulation, data analysis, prototyping, troubleshooting, laboratory and field testing, quick reaction and other time-critical support for air and ground electronic warfare requirements.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order under RS3

ESTIMATED VALUE: \$75M-\$100M

CONTRACTING CONTACT: ACC-APG Div A, KO: Nick Martin

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: RS3-25-0018

ESTIMATED SOLICITATION RELEASE DATE: 4QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-19-D-0157 W56KGU20F0015

Incumbent Contractor: CACI Technologies, Inc.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

CROSS DOMAIN ELECTRONIC WARFARE (CRODEWS)

DESCRIPTION: Research and development, engineering services, technology integration development, modeling and simulation, data analysis, prototyping, troubleshooting, laboratory and field testing, quick reaction and other time-critical support for multi-spectral technologies and solutions to enable Multi-Domain Survivability and operations.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order under RS3

ESTIMATED VALUE: \$75M-\$100M

CONTRACTING CONTACT: ACC-APG Div A, KO: Brian McGuire

DRAFT SOLICITATION RELEASE: 2QFY25

SOLICITATION #: RS3-25-0014

ESTIMATED SOLICITATION RELEASE DATE: 2QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-17-D-0142 W56KGU20F0007

Incumbent Contractor: Booz Allen Hamilton

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

MODELING, SIMULATION, TRAINING, INTEGRATION & CONCEPTS (MSTIC)

DESCRIPTION: Research, development and engineering support in the core mission areas of EO-IR sensor/system modeling, analysis and characterization, simulation, virtual prototyping, integration, testing, test and measurement standardization, networking/ interoperability, experimentation, and integration.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order under RS3

ESTIMATED VALUE: \$25M-\$50M

CONTRACTING CONTACT: ACC-APG Div A, KO: TBD

DRAFT SOLICITATION RELEASE: 3QFY25

SOLICITATION #: RS3-25-0013

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

STRATEGIC MONITORING AND AUTONOMOUS RESPONSE TECHNOLOGIES (SMART)

DESCRIPTION: Research, development and engineering support for Autonomous technology, output from autonomous systems, Manned Vehicle Technologies (MVT) and dismounted Soldier sensor technologies.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order under RS3

ESTIMATED VALUE: \$25M-\$50M

CONTRACTING CONTACT: ACC-APG Div A, KO: TBD

DRAFT SOLICITATION RELEASE: 3QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 3QFY25

PRIOR/CURRENT CONTRACT INFORMATION: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

NON-KINETIC EFFECTS (NOKE)

DESCRIPTION: Research and develop timely, unique, and efficient Electromagnetic Warfare weapon systems to counter existing and emerging threats in support of a wide range of military operations.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order under RS3

ESTIMATED VALUE: \$25M-\$50M

CONTRACTING CONTACT: ACC-APG Div A, KO: TBD

DRAFT SOLICITATION RELEASE: 3QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 4QFY25

PRIOR/CURRENT CONTRACT INFORMATION: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

HUMANITARIAN DEMINING (HD) RESEARCH AND DEVELOPMENT (R&D) PROGRAM

DESCRIPTION: Support in research, engineering, development, test and evaluation of new and existing military and Humanitarian Demining detection technologies for worldwide demining operations.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF/ Task Order RS3

ESTIMATED VALUE: \$25M-\$50M

CONTRACTING CONTACT: ACC-APG Division A, KO: TBD

DRAFT SOLICITATION RELEASE: 4QFY25

SOLICITATION #: RS3-25-0016

ESTIMATED SOLICITATION RELEASE DATE: 4QFY25

PRIOR/CURRENT CONTRACT INFORMATION:

Contract Number: W15P7T-19-D-0038/W909MY22F0086

Incumbent Contractor: Fibertek, Inc.

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

FREQUENCY INDEPENDENT LOCALIZATION AND TIME FOR ENHANCED RESILIENCY (FILTER)

DESCRIPTION: Research into technologies and techniques that leverage diverse radio frequency (RF) sources to provide alternative sources of positioning, navigation and timing (PNT) information; Design and development of flexible receiver hardware and software for breadboard validation in a laboratory environment.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF / Vehicle To Be Determined

ESTIMATED VALUE: \$5M - \$15M

CONTRACTING CONTACT: ACC-APG Div A, KO: TBD

DRAFT SOLICITATION RELEASE: 4QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 2QFY26

PRIOR/CURRENT CONTRACT INFORMATION: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

ASSURED POSITIONING NAVIGATION AND TIMING (APNT)

DESCRIPTION: Research into technologies and techniques to leverage complementary sensors as alternative sources of positioning, navigation and timing (PNT) information. Development of hardware and software solutions leveraging modular open systems approach (MOSA) principles and software.

CONTRACT TYPE and CONTRACT VEHICLE: CPFF / Vehicle To Be Determined

ESTIMATED VALUE: \$10M-\$25M

CONTRACTING CONTACT: ACC-APG Div A, KO: TBD

DRAFT SOLICITATION RELEASE: 4QFY25

SOLICITATION #: TBD

ESTIMATED SOLICITATION RELEASE DATE: 2QFY26

PRIOR/CURRENT CONTRACT INFORMATION: N/A

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

C5ISR CENTER RTI DIRECTORATE BROAD AGENCY ANNOUNCEMENT (BAA)

DESCRIPTION: BAA for solicitation of innovative science and technology (S&T) proposals that address the technical portfolio areas of the RTI directorate to develop and integrate command, control, communications, computers, cyber, intelligence, surveillance and reconnaissance (C5ISR) technologies improving Soldier lethality, maneuverability and survivability in all operational environments.

CONTRACT TYPE and CONTRACT VEHICLE: Hybrid BAA combining elements of an open, two-step, and with calls for White Paper (WP). Potential awards may take the form of FAR-based instrument or Non-FAR based instrument (Other Transaction Agreement)

ESTIMATED VALUE: Award value may vary by individual contract or OTA

CONTRACTING CONTACT: ACC-APG, Division A; KO/AO will be assigned to each respective action

SOLICITATION #: W56KGU-23-R-RTID

SOLICITATION DATE: Proposal acceptance through 01 November 2027

WHITE PAPER (WP) CALLS ISSUED: 13 WP Calls issued since BAA release on Nov 2022

WHITE PAPER SUBMISSIONS RECEIVED: 57 WP received, 21 selected for award negotiations

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."

SENSORS, COMMUNICATIONS, AND ELECTRONICS CONSORTIUM (SCEC) OTA

DESCRIPTION: Vehicle enabling C5ISR Center and its partners to reach Non-traditional Defense Contractors and Traditional Defense contractors with capabilities to conduct research, development, and testing in cooperation with the Government leading to technology demonstrations and prototype projects in the sensors, communications and electronics sciences and other related fields to maintain and improve warfighter command, control, communications, computer, intelligence, surveillance and reconnaissance capabilities in complex environments.

CONTRACT TYPE and CONTRACT VEHICLE: Other Transaction Agreement (OTA) with subordinate Prototype Project Agreements (PPAs)

AGREEMENT #: W909MY-18-9-0001

CONTRACTING CONTACT: ACC-APG Division A, AO Assigned for Each Individual Action

PROGRAM MANAGEMENT: C5ISR Center, Research & Technology Integration Directorate, Ms. Stephanie Yohey, stephanie.p.yohey.civ@army.mil

SCEC CONSORTIUM MANAGER: SOSSEC, Inc. Mr. John Nunziato, jnunziato@sossecinc.com; 603-458-5529 (please contact Mr. Nunziato to join SCEC)

"The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services."
