

C. STATEMENT OF WORK

C.1. OVERVIEW / BACKGROUND

The Library of Congress (Library) National Audiovisual Conservation Center (NAVCC) develops, preserves and provides broad access to a comprehensive and valued collection of the world's audiovisual heritage for the benefit of Congress and the nation's citizens. Housed in the NAVCC Packard Campus is the Library's Film Preservation Laboratory, which is responsible for many aspects of reviewing, preserving, and digitizing the Library's varied film collections. To do this work, the Library requires contract support to continue servicing its Lasergraphics 5K+ Scan Station scanning system. The scanning system was installed in August 2015 under the systems integration contract and has remained under warranty and/or consistent manufacturer-standardized support since then.

C.2. SCOPE

The Library requires a contractor to provide a service agreement comprising ongoing support, maintenance, and spare parts for its Lasergraphics 5K+ Scan Station scanning system.

C.3. REQUIREMENTS

The Library requires a film scanner to produce digital files from motion picture films. The NAVCC Film Preservation Laboratory uses the Lasergraphics Scan Station, manufactured by Lasergraphics, Inc. The contractor shall provide an annual service agreement for the Library's Scan Station, which shall include support, maintenance, and spare parts for the Library's Lasergraphics 5K+ Scan Station scanning system. This service agreement also includes all hardware, software, and auxiliary components required to ensure full function of the system as intended by the manufacturer.

The service agreement shall be for the duration of one year (12 months) with up to four additional optional years (12 months each) which may be exercised via contract modification by the Contracting Officer (CO).

The service agreement must include, at a minimum:

1. An unlimited number of technical support inquiries via phone and email.
2. Priority technical support, with a response time to the Library's emails and/or telephone calls within two (2) hours.
3. A Factory Trained Service Technician and/or Engineer who shall provide troubleshooting.
4. Factory-certified replacement parts.

C.3.1 OPTIONAL SERVICE AGREEMENT(S)

At the Library's sole discretion, the Library may exercise up to four years of optional service agreements. The Library is in no way bound to exercise any of the options if it chooses not to. If the Library chooses to exercise any of the options, it will do so by sending the contractor a contract modification to exercise the option.

C.4. SCHEDULE OF EVENTS/DELIVERABLES

Paragraph reference	Description of Event/Deliverable	Due Date / Invoice Date
C.3	Annual service agreement	To begin at the start of the contract period of performance. / Contractor shall submit an invoice when the base year period of performance starts.
C.3.1	Unlimited number technical support inquiries.	Available throughout the contract period of performance, as needed/Not Separately Priced (NSP)
C.3. 2	Priority technical support, response time to email and/or telephone calls within 2 hours.	Priority calls and emails returned within two (2) business hours of receipt. / NSP
C.3	Option Year I	At the start of the contract period of performance. / Contractor shall submit an invoice when the period of performance starts.
C.3	Option Year II	At the start of the contract period of performance. / Contractor shall submit an invoice when the period of performance starts.
C.3	Option Year III	At the start of the contract period of performance. / Contractor shall submit an invoice when the period of performance starts.
C.3	Option Year IV	At the start of the contract period of performance. / Contractor shall submit an invoice when the period of performance starts.

C.5. CONTRACTOR PERSONNEL

Contractor shall ensure that all contractor personnel providing support under this contract must be factory trained and authorized to perform and provide support.
