

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: 30 SFS

Project/Program Name: Deployment Gear #1

Purchase Request / Local ID Number: [REDACTED]

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

[REDACTED] The purchase of this gear is required to ensure the deployers arrive to deployment environment properly outfitted with the supplies they need for the deployment. The deployers need to have the gear by 21 March to avoid any interruption with their deployed mission.

Section C: Justification for Soliciting from a Single Source or Brand Name

This requirement was originally competed as a 100% total small business set-aside on GSA as market research suggested that multiple vendors could provide the necessary items within the needed time constraints. After the solicitation closed, two vendors responded with technically acceptable quotes in terms of the items being delivered, but neither vendor was able to meet the required delivery date.

After receipt of quotes, 30 SFS contacted the base supply store (IBVI) to determine if they had all items available to supply by the need date and they confirmed they would be able to supply. As the base supply store regularly stocks deployment related gear, and readily have items in stock and available for purchase by the needed timeline, they are the only vendor who can presently meet the given time constraint.

Section D: Efforts to Obtain Competition

This requirement was solicited on GSA as a 100% total small business set-aside and two quotes were received. Neither vendor was able to meet the needed deadline, and both cited manufacturer delays with certain items.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Market research will continue for future requirements to determine if other vendors can meet short-notice needs like these. Vendors identified will be contacted to determine whether they can meet needed timelines to try and promote competition.

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
