

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: [REDACTED]

Project/Program Name: [REDACTED] - Signal Generator/Analyzer (SMA-100A) Repair & Calibration

Purchase Request / Local ID Number:

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

[REDACTED] is requesting procurement repair/calibration services for Signal Generator/Analyzer (SMA-100A) which includes but is not limited to all of the following:

- Repair of the product
- 12-months warranty on the entire product
- Measurement of complete product specifications with the same procedures as used in production (including measurement uncertainties and guard banding)
- Documentation of calibration results upon receipt
- Adjustments to optimize the product parameters to after production condition when needed and documentation of the after adjustment product parameters
- (Calibration) certificate incl. statement of compliance
- ISO 9001 certified (and in line with ISO 17025)
- Preventive maintenance and performance modifications

Section C: Justification for Soliciting from a Single Source or Brand Name

Rohde & Schwarz USA, Inc. ("R&S-USA") is the only authorized repair and calibration ("Service") facility in North America for Rohde & Schwarz ("R&S") products. While there may be other providers who claim to be able to perform Services on R&S equipment, R&S-USA is the sole provider authorized by the OEM (Original Equipment Manufacturer) to do so. Any services performed by an unauthorized provider is undertaken at one's own risk and may void the manufacturer's warranty, if applicable, and/or possibly damage the equipment.

Section D: Efforts to Obtain Competition

Market Research was conducted by 355 CONS in an effort to determine marketplace capability of performing the required service; however, based on direct contact with R&S-USA, they are the only authorized repair and calibration ("Service") facility in North America for Rohde & Schwarz ("R&S") products. An intent to sole source will be posted on the GPE (SAM.gov) to provide an opportunity for vendors in the marketplace to respond.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

The goal of 355 CONS is to utilize the most efficient and affordable method of procuring supplies in an effort to meet the customer's needs and mission in a timely manner. We are consistently utilizing all available avenues to identify vendors via previous purchase history, market research, known resources, and approved innovative methods. Additionally, this asset along with all other Test, Measurement, & Diagnostic Equipment (TMDE) standards is

Single Source Justification (Simplified Acquisition)

contracted and purchased for all Precision Measurement Equipment Laboratories (PMELs) across the Air Force by the Air Force Metrology & Calibration Program (AFMETCAL).

Section F: Contracting Officer's Determination

I have determined, in accordance with FAR 13.106-1(b)(1), that the circumstances of this contract action deem only a single source is reasonably available.
