

INTERCOM SYSTEM REPLACEMENT

Requirements Document

For

704th Test Group/586 Flight Test Squadron

13 January 2025

1.0 PURPOSE

The 704th Test Group (704 TG) mission is to be the premier provider of unique test and evaluation capabilities relevant to tomorrow's warfighter, through world-class people improving technical excellence, cost-effectiveness, and agility. The 586 Flight Test Squadron (586 FLTS) is assigned to the 704 TG and is the single Air Force Test Center (AFTC) squadron flying manned aircraft, devoted to evaluation, and prototyping of emergent technologies.

The 586 FLTS requires a replacement of the current intercom system which must be compatible with the White Sands Missile Range communication system (Quintron).

2.0 SCOPE

The Contractor shall deliver one (1) complete and fully functional Quintron system that will interface with the White Sands Missile Range communication system and include the following:

2.1 Physical Requirements

2.1.1 Fourteen (14) Q955142 USB Headsets with PTT switches

2.1.2 Fourteen (14) H23-014-075-1 Headsets

2.1.3 Seven (7) T25-028-075-1 Keypad, USB, 3RU Single 7" touch Screen, speaker, WSMR Colored front panel

2.1.4 Five (5) T25-037-075-1 Keypad, USB, 2RU 4.3 Touch Screen, speaker, single board computer

2.1.5 Two (2) T25-103-075-1 Keypad, USB, 4RU single Touch Screen, speaker, WSMR colored front panel

2.1.6 Fourteen (14) DV-LTALK VoIP Keypad License

2.2 Operational Requirements

2.2.1 Equipment must be rack mountable

3.0 MILESTONES

3.1 The contractor shall deliver (shipping included) one (1) Quintron system no later than 20 weeks after receipt of order.

4.0 DELIVERABLES

4.1 The contractor shall deliver all equipment and documentation to Donald Pennington at 1141 Dezonias Road, Building 1020, Holloman Air Force Base, New Mexico 88330.
