

PERFORMANCE WORK STATEMENT
Accredited CALIBRATION and/or REPAIR SERVICES(C&RS) of Multiple Units

1.0 GENERAL. The U.S. Army Test, Measurement and Diagnostic Equipment Activity (USATA) has a requirement for an accredited calibration and/or repair services (C&RS) on a quantity of four (4) test unit items that include AC Current Shunt Set and Thermal Voltage Converters that shall be delivered to a 3rd party vendors (PTB Germany & NRC Calibration) for a better uncertainty level of calibration numbers that can be produced by a few vendors.

2.0 CONTRACTOR TASKS.

2.1 The contractor's task is to bring an accreditation calibration level that is beyond that of the original equipment manufacturers (OEM) capability. A spreadsheet will be attached to this document showing the levels USATA is seeking from a potential vendor. The following four (4) items will require high level calibration as follow:

Item	Model	Serial No.	Manufacturer
Thermal Voltage Converters	1394D-0.5-10GR	21842	Ballantine Labs
	1394D-1-10-GR	21843	Ballantine Labs
	1394D-3-10-GR	21844	Ballantine Labs
AC Current Shunt Set	A40B	989158419	Fluke

3.0 GOVERNMENT TASKS.

3.1 The government shall be responsible for shipment of all units from the USATA facility to the contractor's facility at government expense. All units shall be shipped to the contractor's facility not later than 48 hours (excluding weekends and holidays) after receipt of notice of contract award.

3.2 The U.S. Army TMDE Activity, Redstone Arsenal, AL (Acceptance DODAAC: W80RA6) shall be responsible for the receiving, inspection and acceptance requirements of DFAS Wide Area Workflow (WAWF) for all units. Contractor is authorized to return-ship and invoice individual units in WAWF as completed to decrease turn-around-time for return of the unit to its origin.

3.3 The Government shall ship the AC Current Shunt Set and Thermal Voltage Converters, noted above.

4.0 PLACE OF PERFORMANCE. All performance shall take place at the contractor's facilities.

5.0 PERIOD OF PERFORMANCE. The period of performance shall be as specified in Section B of the contract.

6.0 QUALITY REQUIREMENTS. Not applicable.

7.0 GOVERNMENT-FURNISHED EQUIPMENT. None.
