

INTENT TO SOLE SOURCE
Audit Analytics Dataset
SS-OFR-25-051

The Bureau of Fiscal Service (Fiscal Service), on behalf of The Office of Financial Research (OFR) and the Financial Stability Oversight Council (FSOC), intends to contract with IVE Group, Inc., DBA Audit Analytics.com, 9 Maint Street, Suite 2F, Sutton, MA 01590-1660, on a sole source basis for Audit Analytics Datasets. There is no competitive vendor or regulatory agency that provides these datasets. The proposed Contractor developed and owns the propriety and patented hardware, software, and algorithms that are used in these products and support the services specifically required for this acquisition; thereby, the proposed source has the sole unique technical and other resources required for this acquisition.

The Office of Financial Research (OFR) requires analytics datasets which provides opportunities for further insight into risk and control assessment. The dataset(s) must provide the following key features: Audit Fees, Audit Opinions, Auditor Changes, Auditor Engagements, Benefit Plan Opinions, Director & Officer Changes, Disclosure Controls, Internal Controls, Late Filers, and Financial Restatements.

Additionally, the dataset must supply reports and access to a proprietary database permitting OFR to track financial reporting issues for financial institutions and other companies over time. The data subscription must allow for but not be limited to absolute insight on disclosure controls, late filers, and financial restatements accounting-related variables of risk and investment models. Access to must be available by way of an on-line user subscription, email notifications, enterprise data feed subscription, and custom research reports. The dataset must also include the following: detailed categorizations of issues and analysis of public company disclosures related to the audit, compliance, governance, corporate actions, and federal litigation. Finally, the dataset must provide insight into risk and control assessment, which will allow organizations to plan and modernize big data auditing processes.

The OFR uses the proposed contractor's brand name product for the continuing mission to deliver an annual assessment of the state of the United States financial system, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

The period of performance for the purchase order is anticipated to be one twelve (12) month base period with four (4) twelve (12) month options periods, with a PoP of 09/23/2025 – 09/22/2030.

The total estimated value of this purchase order will not exceed the simplified acquisition threshold.
