

**LIMITED SOURCE JUSTIFICATION FOR A FEDERAL SUPPLY SCHEDULE PROCUREMENT
FAR PART 8
ORDERS EXCEEDING THE SIMPLIFIED ACQUISITION THRESHOLD**

1. Identification of the agency and the contracting activity, and specific identification of the document as a "Limited Source Justification."

Contracting Activity Processing the Requirement: Acquisition Section, FAC

Name of Organization Originating the Requirement: Facilities Operation, FS

Identification Number (purchase request/solicitation number):

2. The nature and/or description of the action being approved. *(check appropriate box)*

☐ Use of brand name ☒ Sole source award

3. A description of the supplies or services required to meet the agency's needs and estimated value.

DEA's Detroit Division Office is currently under renovation with an expected move-in date of June 1, 2025. DEA requires that furniture be planned, procured, delivered and installed. The design and program management services for this project was previously procured under a BPA awarded to Allsteel/OI. This order is for the procurement to receive, deliver, and install products to include, systems furniture, office furniture, file storage, heavy duty shelving, training tables, conference rooms/interview rooms, task chairs etc., in accordance with the design services already completed by Allsteel/OI for the Division office. This order is a logical follow-on/completion order, and it will allow the DEA to re-occupy the Division office after the construction is completed. Conducting a competitive procurement for this requirement would result in unacceptable delays to conduct all pre-award activities, ultimately resulting in project completion delays past the required move-in date, as well as DEA paying twice for project design services.

Total estimated value inclusive of all options: [REDACTED]

Period of performance or final delivery date: 4/1/2025-6/30/2025

4.

a. Authority: 8.405-6(a)(1)(i)

b. Reason for Restricting Competition: (Select one below)

☒ (A) An urgent and compelling need exists, and following the procedures would result in unacceptable delays 8.405-6(a)(1)(i)(A)

contracts, is an item peculiar to one manufacturer. Brand name specifications shall not be used unless the particular brand name, product, or feature is essential to the Government's requirements, and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs. [8.405-6\(b\)\(1\)](#)/ [8.405-6\(b\)\(1\)](#)

- c. If applicable, explain the contractor's unique qualifications and capabilities to support your requirement. Are there other like/similar products that meet this requirement and why you are precluding them for this acquisition?

There are other like/similar products that could meet this requirement, however due to the urgent and compelling need to meet the completion date and the previous procured for design and program management services it is clearly in the best interest of the government to sole source this requirement to Allsteel/OI.

5. A determination by the ordering activity contracting officer that the order represents the best value consistent with [8.404\(d\)](#).

Allsteel/OI has provided a furniture quote using the 4th year pricing of the previous BPA. If another vendor was selected, the vendor would have to incur costs to complete the design of the furniture layout in addition to the cost of the products and installation. Since we already have the design services completed by Allsteel/OI, it is in the best interest of the DEA to proceed with a follow-on order for the products and installation to match the completed design.

6. A description (summary) of the market research conducted among schedule holders and the results or a statement of the reason market research was not conducted.

No additional market research was conducted. Allsteel/OI has agreed to honor and hold the previous BPA pricing, which was determined fair and reasonable. Additionally, Allsteel products have been used in other Detroit Field division offices, which would allow maximum flexibility if furniture needed to be moved between division office locations.

7. Any other facts supporting the justification. N/A

8. A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the restricted consideration before any subsequent acquisition for the supplies or services is made.

The government will strive to extend the planning horizon for future procurements of this nature to allow for competition to the maximum extent practicable.
